GOOD FRIDAY OBSERVED IN ITALY, SPAIN

Hush of Prayer Supplants Tread of Marching Feet

Rome, March 26.—(AP)—Devout Catholics flocked to the city's 400 churches today to take part in Good Friday services. Their prayers were particularly fervent as their thoughts turned to Pope Pius XI, who many had believed would not live to observe this Good Friday.

The Holy Father, recovered from his critical illness of the winter, paid his own devotion in the privacy of his chapel in the papal apartments.

APPEALS TO JEWS

New York, March 26.—(AP)—Appeals to Jews in America to aid members of their race in Europe were linked today with the Jewish festival of Passover, starting tonight at sundown.

Pin Legislation

Wisconsin's Senator Ryan Duffy is fathering a bill withdrawing the provisions of the Social Security Act from "pin boys in bowling alleys."

Idealism Pays

A lot of the idealistic young men who romped to the aid of the New Deal during its first enthusiastic days now are cashing in on their idealism.

FANATICAL RITES

Manila, March 26.—(AP)—Thousands of Filipino "flagellantes" flogged and tortured themselves today in villages throughout the Philippines in fanatical religious observance of Good Friday. The strange rites were introduced in

Italian Loan

Senatorial wrath over the \$3,600,000 credit to Italy, in violation of the spirit of the Johnson Act (which bans loans to war debt defaulting countries), has resulted in a promise by the state department that the credit will be cut off at the end of its nine months period.

Senatorial probing also has disclosed the interesting fact that the President did not know about the credit to Italy. Apparently Cordell Hull didn't either.

But apparently Moore forgot to tell Hull all about the Italian credit.

Bottle of Ink

Los Angeles, March 26.—(AP)—A bottle of purple ink Detective Lieutenant Robert F. Underwood said today, caused a 43-year-old housewife to confess writing a "black hand" note to Alimee Semple McPherson, demanding \$200.

The note, one of two received yesterday by the evangelist, warned "you are in great danger of the black hand."

"I needed \$200 to pay down on a new car," Underwood said the arrested woman explained. She was booked on suspicion of extortion as Mrs. Lydia Swensen. The note was signed "Mrs. L. Akers," but carried Mrs. Swensen's Glendale address, the officer asserted.

When first questioned, Detective Underwood said, she denied any knowledge of a Mrs. Akers and insisted there was no ink in her house similar to the violet hue used in the extortion note.

A search disclosed a bottle of ink of identical shade.

TRUTHFUL TRUCK OPERATOR SHOWN LENIENCY TODAY

Judge Leon Zick Gets Surprise in County Court This Morn

The straightforwardness of Milton Hamilton, 24, of Elwood, Iowa, won for him the admiration of Judge Leon Zick when he appeared in the county court here today on a charge of drunken driving.

"How many drinks had you taken?" Judge Zick inquired of the truck driver.

"Seven shots," Hamilton replied after having pleaded guilty to the charge.

"I have some sympathy for you since you say that this is your first offense and that you have never been arrested before," said the judge.

CONFERENCES BETWEEN UAW CHRYSLER ON

Murphy is Optimistic Over Progress of Discussions

Lansing, Mich., March 26.—(AP)—Conferences between the highest officials of the Chrysler Corp. and the United Automobile Workers, scheduled for adjournment at noon, continued long past that hour today, giving rise to hopes an agreement might be reached today.

Homer Martin, president of the UAW who left the conference room for lunch, replied "your guess is as good as mine" to inquiries about the possibility of a settlement.

When Walter P. Chrysler and John L. Lewis resumed their conferences at 8:15 A. M. (CST) today, it was indicated negotiations would be recessed at noon for the Easter week-end, resuming probably on Tuesday.

Governor Frank Murphy, who brought together the chieftains of the Chrysler Corp. and the Committee for Industrial Organization and arranged the momentous agreement for evacuation of Chrysler plants, was optimistic. He said "progress" was being made toward an agreement on the deadlocked issue of sole recognition which is keeping 60,000 workers from their jobs.

EASTER RECESS

By The Associated Press
Negotiations for settlement of the Chrysler Motor Corporation strike tapered off today for the Easter week-end with indications an agreement might soon be reached.

Evacuation of Chrysler plants in Detroit by 6,000 sit-down strikers prompted belief a settlement was in the offing.

In contrast with the full in the Chrysler negotiations, the week-end promised definite developments in official Washington. President Roosevelt's aides said he would discuss the labor situation with congressional leaders soon after his arrival from Warm Springs, Ga., tomorrow.

There was little apparent change elsewhere on the strike front.

Maine shoe manufacturers voiced opposition to the Committee for Industrial Organization which called a walkout in 19 Auburn and Lewiston shoe mills. Strikers picked the mills but operators said production was near normal.

Theorize Slain Fatally Injured on Rock Island Road Early Monday Morn

Nelson Man Gives the Police Valuable Clues Thursday

The investigation being conducted into the death of Eugene "Bud" Slain, who was found lying in the street on Crawford avenue near Fourth street early Monday morning, was being continued today by Chief of Police J. D. Van Bibber, who had questioned several persons. At noon today there were indications that Slain's injuries had been sustained outside the city limits and his body either thrown from a car or placed near a parked machine where it was discovered Monday morning.

This theory was advanced when Charles Bohlen of Nelson yesterday afternoon informed Chief Van Bibber of an incident which attracted his attention about midnight Monday when he was driving to his home in Nelson. Bohlen said he had driven across the McRoberts crossing bridge, which crosses the NorthWestern main line tracks and a short distance south observed a parked car. A second car coming toward Dixon from the Hill school corners swerved to one side of the road suddenly and stopped. Mr. Bohlen told Chief Van Bibber, and he added he plainly observed a man's body lying in the road, but being alone he did not stop to investigate.

Other important clues obtained in questioning several other persons were reported to have led to the identification of the occupants of one of the cars Bohlen saw, and it was expected that some of these parties might be located today. It was also reported that the identity of the car suspected of having struck the body which lay in the road south of the McRoberts crossing bridge, was also known. Chief Van Bibber stated that he had interviewed several persons and others were to be questioned this afternoon. The reports of his investigation are being made direct to Assistant State's Attorney Gerald Jones, who is in charge of the investigation.

Two Wills Probated in Co. Court Today

Two wills were admitted to probate in the county court before Judge Leon Zick this morning. The will of Mrs. Angeline Gennett, who passed away March 14, named Mrs. Mary A. Clark as executrix of her estate which was valued at \$8,900. Six daughters are named as heirs: Rosa A. Barrus, Cora E. Etheridge, Mary A. Clark, Clara H. Gorman, Mignonette Yeager of Dixon and Lindy E. Daniels of Simms, Mont. The estate is divided among the daughters.

The will of Mrs. Gertrude Jones, wife of William C. Jones, whose death occurred February 11, was admitted to probate this morning, naming the husband as administrator. The inventory listed property valued at \$4,700, which is divided among the children who are: Elmer C. Jones of Dixon; Mabel G. Drew of Manistee, Mich.; Gladys W. Palmer of New York City and W. Harold Jones of Chicago.

Hospital Room is Memorial by Late Doctor E. S. Murphy

The family of the late beloved Dr. E. S. Murphy has furnished a room at the Katherine Shaw Bethesda hospital in his memory, the furniture being of mahogany, plain but handsome. Venetian shades and beautiful hangings cover windows. In the room, an overstuffed easy chair and a stool, both very comfortable and attractive. A mahogany table, beautiful and useful, is placed at the foot of the bed. It is an admirable place for flowers. This table has a mechanical device by which it can be moved forward over the bed and used for the patient's eating table.

EDITORIAL REPORTS BEING FATALLY WOUNDED BY RIVAL AS LAST ACT

Alhambra, Calif., March 26.—(AP)—Killed in what Sheriff John Sharp said today was the climax of a newspaper feud, Claude L. McCracken, 46-year-old editor, reported the story of his own shooting as his last act.

Harry French, 30-year-old state employee and son of Alhambra's rival newspaper publisher, surrendered voluntarily after McCracken was shot down in his own home last night as he ate dinner with two young women. French was held on an open charge today.

With five bullets in his body, McCracken was carried to a hospital where his wife was the nurse assigned to care for him. There

"(Signed) McCracken."

Two hours later he died. McCracken was The Associated Press correspondent at Alhambra and publisher of the mimeographed Modoc Daily mail.

"The papers have been battling back and forth on every issue that has come up," Sheriff Sharp said. "I think the shooting was due to hard feelings aroused by this rivalry."

Easter Weather

Chicago, March 26.—(AP)—Cold weather gripped most of the north central states today and government Meteorologist C. A. Donnell predicted "abnormally" low temperature for Easter Sunday.

"Fair and continued cold," was the forecaster's Easter prediction for Illinois, Iowa, Wisconsin, Indiana and Missouri.

He predicted temperatures of 15 to 18 above for Illinois.

The forecaster said an "enormous" high pressure area centered over northern Manitoba was responsible for weather conditions over most of the country. Under its influence, he said, colder weather has spread over the southern states, the Ohio valley and the middle Atlantic states.

TRANSPORT IS WRECKED NEAR DESTINATION

Pittsburgh, March 26.—(AP)—Officials of the Transcontinental & Western Airlines declared today that ice forming on control equipment caused the crash of its airliner near Pittsburgh with the loss of 13 lives last night.

The company issued this statement, following an investigation of the crash in the meadowland five miles from the airport where the plane was preparing to land.

"The crash of the plane last night near Pittsburgh was due to the plane passing through localized, but very severe icing formations, while descending toward Pittsburgh, where a ceiling of 1,200 feet and visibility of five miles prevailed.

"A heavy deposit of ice formed on the leading edge of the ailerons, which control lateral balance, and caused the plane to go completely out of control.

Had Premonition

Detroit, March 26.—(AP)—A premonition of an accident to involve Lawrence Bohnet, air pilot, was reported by a relative today.

Mrs. Harry F. Pederson, mother-in-law of Bohnet, said her husband informed her of such an experience as he left for their daughter's home in Jersey City after learning of the crash.

"My husband recalled," Mrs. Pederson said, "that just as he was drifting off to sleep Wednesday night he saw something falling."

He associated this with Bohnet, he said, since "we were always in fear that something would happen to Lawrence."

Vatican Announces Papal Encyclical

Vatican City, March 26.—(AP)—The Vatican announced today the Papal encyclical on Mexico would be published in Italian and Spanish on Saturday, although it will carry an Easter Sunday date.

The encyclical was said to be unlikely to touch on controversial subjects and would be instead a direct appeal to the people of Mexico to return to full practice of the Catholic faith.

Gulls Thawed Out

Hornell, N. Y., March 26.—(AP)—Two seal gulls, forced down in the business section here with their wings coated with ice, continued their migratory flight today—thanks to police and Game Warden F. S. Maloney.

Police captured the birds and Maloney thawed them out. More than 50 of the birds landed on the flats south of this city yesterday during a sleet storm.

Investigations Begin

Investigations by Coroner W. J. McGregor of Allegheny county, the airline and state and federal inspectors began immediately.

Dr. J. J. McLean, manager of the airport, said some inspectors told him they believed ice formed on the wings.

"They said they saw ice on parts of the ship and thought it might have formed while the plane descended from 10,000 feet or more to below the clouds while heading for the airport," said Dr. McLean.

In Chicago Jack Frye, TWA president, asserted the ship, its engine and radio were in perfect mechanical condition at the time it left Newark and that it arrived over the Pittsburgh airport on schedule.

Officials refused to divulge the radio log at the airport or of the plane, saying it was "tied up" by Federal Communications Commission.

M. L. Cunningham, a state aeronautics inspector, the only official who would be quoted, said:

Plane Out of Control

"The plane apparently was out of control. The troubles must have been closed before the crash."

The crash occurred at the edge of a valley about 40 yards wide. First persons to reach the wreckage said they heard no screams or groans, indicating all died instantaneously.

Had pilot Bohnet been able to level off his ship, safety may have been 100 yards away.

At the county airport an executive said the plane had attempted to land but was ordered to descend at a lower altitude because of fog and mist and the operator could not see the ship at 5,000 feet.

Farmer Euclid Bourguignon, one of the first on the scene, said he saw the plane shooting earthward "turning end over end" three times. "I guess it fell about 500 feet straight down," he said.

Bourguignon said he found a faint pulse in the body of one girl, probably the stewardess, but knew she could not live.

Thus, they believed, they became absolved from last year's sins.

HUSH OF PRAYER

Seville, Spain, March 26.—(AP)—The hush of prayer settled over Seville today, concluding centuries-old Holy Week pagentry in which barefoot women and girls tramped the cobblestone streets in homage to the Holy Virgin.

They discarded their shoes as a symbol of sacrificial faithfulness for their husbands, sweethearts and fathers in the ranks of the insurgent general, Francisco Franco.

They comprised most of the throng of 10,000 celebrants. Many of the women were in mourning.

Holy Friday and tomorrow will be spent in prayer and the city will attempt to return to its traditional sunny gaiety with a bullfight and other festivities Sunday.

The ceremonies started at dawn Thursday and continued until dawn today when the period of prayer started. The spectacle gave other signs of the civil war in the uniforms of insurgent officers and soldiers.

In the brilliant afternoon sunshine, members of various religious organizations formed guards of honor for figures of the virgin which were carried through the streets. Many of the figures had been hidden since the outbreak of the war eight months ago.

Cardinal Illundain blessed a kneeling crowd in the plaza before the countless processions began.

Similar ceremonies were performed in other parts of insurgent-held Spain. Military observers expected there would be little insurgent military action until after Easter.

Perjury Charges Against Witness for Bruno Dropped

Pleimington, N. J., March 26.—(AP)—The perjury indictment against Benjamin Heier, defense witness for Bruno Richard Hauptmann, was dismissed today, removing the last pending sequel to the Lindbergh kidnap murder trial from Hunterdon county records.

County Judge Adam O. Robbins granted the nol proesse motion made by prosecutor Anthony M. Hauck, who said he had been able to find only one witness to testify against the New York cashier.

Heier, a stoutish young man, testified at the 1935 trial that he had seen a man resembling Isadore Fisch, Hauptmann's business partner, flee a Bronx cemetery a short time after the Lindbergh ransom was paid there by Dr. John F. (Jaf-sie) Condon.

The state attacked this testimony with a rebuttal witness who related how Heier had damaged his automobile in a collision in mid-town New York approximately five miles from the cemetery at the hour Heier swore he saw Fisch leave the cemetery.

Conflicting

Reports on New London School Blast Are at Variance

Washington, March 26.—(AP)—Daniel Harrington, director of the safety division of the bureau of mines, said today his field men at the scene of the New London, Tex., school explosion had "definitely established" that the blast did not result from seepage of gas through the strata.

Harrington said his men made borings deep into the earth beneath the shattered school.

He added that at the request of school boards in nearby towns, bureau of mines officials were making investigations to determine whether other buildings were in danger of explosions similar to that which killed more than 400 children at New London.

Austin, Tex., March 26.—(AP)—A military court which investigated the New London school explosion made a preliminary report to Gov. James V. Allred today recommending creation of a state agency to supervise erection of public buildings and installation of heating and lighting devices.

The report blamed the explosion on accumulation of gas in the foundation area between the ground and the concrete first floor, saying the explosive mixture of gas and air probably was fired by operation of a knife switch on an electric line in a manual training room adjacent to the area.

Dykstra Pledges Non-Partisanship in Administration

Madison, Wis., March 26.—(AP)—Clarence A. Dykstra, president-elect of the University of Wisconsin, pledged co-operation today in the promotion of a leading, non-partisan, non-political university administration.

Dykstra's statement was incorporated in a letter sponsored by the Wisconsin alumni association and mailed to 5,000 members of the organization.

Referring to the alumni association platform, which calls for

maintenance of Wisconsin leadership, financial support of the university a non-partisan and non-political university administration, and a correctly informed citizenry, Dykstra said:

"I feel sure that I can be of some service in promoting these purposes. I ask you to make me a partner in your enterprise as you proceed with your great undertaking."

To Speak Here

Carl Christensen of Chicago, who will address the members and friends of the Dixon Woman's club at their "Gentlemen's Guest Night" meeting on Tuesday evening, March 30th, was born in Chicago, 1909. He has been lecturing since 1926, and gave his first talk at the age of seventeen before an audience of several hundred people. In 1930, he gave his first professional lecture before the International Lyceum and Chautauque convention, at Winona Lake, Ind. Previous to that he was for two years a student of Sandor Radanovitz, world famous lecture coach.

Mr. Christensen's next objective is a youth magazine, the purpose of which will be (1) to give our young people an opportunity to express themselves relative to the problems which they now must meet and (2) to permit more mature, constructive thinkers to offer their helpful suggestions relative to the solution of these problems.

August C. Hey, president Lion's club of Lake View, Chicago, says: "I wish to take this means to congratulate you, not only on the thought you expended on your lecture, but on the interesting and entertaining manner in which you delivered the same. I noticed that the interest of our members grew by leaps and bounds as you progressed, so that every one sat spellbound until the close of your lecture, and at its conclusion gave an applause such as few speakers have heretofore received from our club members."

AMONA CLASS MET WITH MRS. ELTON SCHOOL
Tuesday evening the Amona Sunday school class of the First Baptist church met at the new home of Mrs. Elton Scholl with Mrs. Stanley as assistant hostess. The president, Eunice Leor called the meeting to order with all singing, "What a Friend." Another song, "Blessed Assurance," was sung by all. The scripture reading was given by Mrs. John Miller. Another song, "Savior, Like a Shepherd," was sung. The president led in prayer. The secretary's reports for the past three months were read and accepted. The treasurer's report was read and accepted. Mrs. Milliken very graciously favored with a piano solo. Other matters of business were discussed.

Martha Pitman furnished some very interesting games. Mrs. Green winning a prize for correct answers. Tasty refreshments were then served by the hostesses, completing the evening. Mrs. Florrie Sitter and Mrs. Lulu Miller will entertain the class in April.

Gasoline Refinery Blast Kills One, Injures Another

Greeley, Colo., March 26.—(AP)—An explosion in a gasoline refinery early today took the life of one attendant and severely injured another.

Gard Coleman, 25, of Greeley, thrown 75 feet by the force of the explosion, died in a hospital shortly afterward. Ray Houseweart, 22, of Eaton, who was thrown about 250 feet through the air, suffered internal injuries and burns was reported in a critical condition. Coleman came here from Kinderhook, Ill., about seven years ago. The explosion occurred when Coleman tried to release pressure on the oil still. Police Officer Harold Burger said.

DAILY HEALTH

By DR. IAGO GLADSTON
Cold Showers

Are cold showers good for you? That depends upon what is meant by good. If you like them, enjoy taking them, then certainly they are "good" for you. At least they are little likely to cause harm provided the shower is followed by a brisk rubdown with a warm towel.

But, if as Benjamin Franklin did, you find the cold shower a form of refined cruelty, then there is little warrant for suffering. A tepid, cooling shower will do. Or, if one is Spartan in temper, a gradual descent from warm to cold may be indulged in.

The theory behind cold showers is that they "harden you," by which is meant that they help to protect one against colds. This theory has not been proved.

Many a cold shower devotee proves just as susceptible to colds as his softer brother. And, if as is now fairly definitely established, colds are due to a filterable virus, then cold showers seem to have little bearing on the subject.

And yet there is a little more to the matter. Cold showers may train the heat regulating mechanism of the body to respond more promptly and more adequately to sudden changes in temperature.

Chilling the body, as is well known, contributes to the development of the common cold, possibly even to that variety caused by a filterable virus. Possibly the body can be trained to meet a sudden chilling by compensatory speeding up of blood circulation, and by increasing the blood to the skin.

However, these speculations are generously sprinkled with conditional phrases, for basically we do not know, or, putting it the other way round, the case for cold showers has not been proved convincingly.

Anyway, it is easier and less painful for many to meet the haz-

ard of sudden chilling by means of mufflers, rubbers and extra clothing, than by taking cold showers.

For those who like 'em, our compliments; for those who don't, but take them none the less, our admiration and applause.

Rock Island Civil War Vet's Funeral Will Be Tomorrow

Rock Island, Ill., Mar. 26.—(AP)—Funeral services will be held Saturday afternoon for George E. Bailey, 96 Rock Island's oldest Civil War veteran who died Wednesday night. He had been confined to a hospital since he incurred a fractured hip in a fall March 16.

He was born June 18, 1840 in North Troy, Vt., and came to Louisiana county, Iowa with his parents at 12.

He served with the fifth Iowa volunteers and saw action in most western campaigns. He was in charge of the troops which captured Ft. Blakely, Ala., the last of the Confederate forts to fall. Near the end of the conflict he was made provost marshal of the 50th colored infantry with headquarters in Jackson, Miss. He was captain of his company when General Lee commanding the Confederate forces surrendered to Grant at Appomattox.

Two daughters and several grand children survive.

Quits School

63-Year-Old Freshman at Illinois U. Will Not Return

Urbana, Ill., March 26.—(AP)—A University of Illinois freshman who remembers the assassination of President Garfield "as if it were yesterday" quit school today after two months of university study.

He is Victor Jules LeBeque, 63-year-old resident of Seneca, Ill. At the start of Easter vacation yesterday he said he would not return to the campus, but would help his son on the latter's farm near Seneca.

However, he has his eye on the postmaster's office of that town and intends to take a civil service examination. Failing in that, he will enter mission work, he said.

"Young ideas" brought him to school, he told an interviewer, and he carried 15 hours of work weekly, being excused from hygiene, physical education and military drill.

"I came back to school in February to find something to do during the winter months so I won't be a bother to the folks at home," he said. "The folks" are his wife, two sons, aged 24 and 29, and a 32-year-old daughter.

LeBeque—named after Victor Hugo and Jules Verne—said he had taught school for 20 years in Madison county, Illinois.

Farmers Debts Have Been Reduced By RA Debt Committees

Washington, March 26.—(AP)—The resettlement administration said today debts of 2,132 farmers had been reduced by its voluntary debt adjustment committees during the last month.

This brought the national total of farmers aided to 51,400 in 18 months.

These farmers, the agency said,

operated 9,419,023 acres of land and their debts were reduced from \$167,643,929 to \$124,977,330, a cut of \$42,666,599 or 25.5 per cent.

The agency said 53.6 per cent of all cases considered had been adjusted successfully with a resulting payment of more than \$53,000,000 in delinquent taxes. Debts of individual farmers have been reduced an average of \$2,431 for each case adjusted.

UNCHALLENGED Wurlitzer Leadership in the small Piano field...

When the "moderns" demanded smaller pianos, Wurlitzer took the lead in building them. That is why Wurlitzer is so far ahead today in the production of classically modern small grands with such satisfying volume and depth of tone. Priced amazingly low.

Wurlitzer's Model 210 Spinetto is a distinctly NEW piano—neither an upright nor a grand—but an exquisitely designed instrument, rich in tone—surprising in volume. Amazingly low-priced at \$195.00

THE ROAD TO FASCISM
Following the doubts expressed by Secretary of Labor Frances Perkins as to the illegality of sit-down strikes, President Roosevelt has been urged to express his views. It is felt that a word from him would clarify the situation. If he should express a determination to halt the reign of disorder, and announce that if local governments fail, the power of the federal government will be used, the strikes would either end or take on a more orderly aspect.

Labor may not realize the fact but the disrespect for law and order engendered in the act of seizing and illegally holding property of other persons has operated in other countries to the direct detriment of labor and will do so in this country unless that policy is abandoned. Laws are not arbitrary rules of conduct imposed from higher up. They are the result of human experience, and whenever men ignore experience there is trouble ahead. The trouble usually falls specifically upon those who expect to gain by starting it.

The French revolution, started shortly after our own Revolutionary War, was a political process instead of an economic change such as now is sought. Those who engineered it might have been inclined to use reason and persuasion instead of violence, but that means was not available. Violence was resorted to and those who made full use of it soon found it beyond their control. Eventually the leaders of the revolution, having liquidated the upper class, found themselves being liquidated. Both extreme reaction and extreme radicalism were weeded out as the ax rose and fell. Finally a little fellow named Napoleon suggested a "whiff of grapeshot" which ended the political process and placed upon the backs of the people a dictator who plunged Europe into a series of disastrous wars.

In Russia the liquidation of extreme reaction has been completed and the extreme radicals, as we note by a series of trials, are being weeded out by the firing squad. All the old associates of Lenin are either dead or under the shadow. If the normal course is followed we may expect Stalin himself to follow the path.

Immediately after the war Italy had an outbreak of radicalism. A weak national legislature and a king hampered by nature and his own concessions could do nothing to halt the outbreak of strikes and property seizures engineered by communists.

Benito Mussolini, a right wing socialist, did not object particularly to the radicalism displayed in Italy's

convulsions but he felt that if there was to be any alteration in government, he wanted it to be along his own particular line of radicalism. He had no intention of playing second fiddle to Moscow. When law had broken down he marched upon Rome with his blackshirts, seized control of government, shoved the king aside and made his historic declaration, "If you will not govern, we (blackshirts) will!" Today labor has no rights in Italy except at the whim of Mussolini, who since he gained control has been more reactionary than the old czar of Russia. He has power of life and death over his subjects. Only recently it was disclosed that he had drafted troops for service abroad, and instead of sending them to Ethiopia, as he had announced he would do, he put them into Spain. No one dares complain.

As an example of labor's status in Italy at present, the average hourly factory wage in that country is 1 lire and 81 centimes, or about 9 1/2 cents. On the basis of a forty-hour week observed in all except Italy's war industries the average worker's weekly wage at present is \$3.79.

Practically the same process took place in Germany. Originally Adolf Hitler was a radical who once served as a commissar under a communist movement that fortunately was wiped out. When conditions became desperate in Germany he seized control not as Mussolini did, by force, but by making political promises. These promises have been fulfilled almost to the letter in regard to foreign policy, but labor has no rights in Germany. Today no one dares complain, and even to vote against the nazi policy is dangerous.

It ought to be evident, judging from a review of political and economic history, that whenever a thorough breakdown of law and order takes place, there always is some one ready and able to seize the government. Those most able to do so are strong men, anxious to enforce their own will upon the people and they never allow the people to choose what system they shall set up. Following a breakdown of law and order in France, Russia, Italy and Germany, the common, ordinary people who sought only to live and let live lost such rights as we prize in this country.

We have not reached the breakdown stage in the United States, thanks to the extraordinary elasticity of American temperament, but at least the leadership for a struggle has developed.

The forces behind the sit-down strikes are positive, dynamic. The central government at Washington, at a time when a word would work wonders, remains passive in the face of appeals from legislators and executives.

"THE SENATE HOUR"

There are occasional jewels of humor and eloquence in congressional speeches, but this oratory, in the main, is so uninspired that the book in which it is printed has a reputation of being dull almost to the point of anesthesia.

Now it is revealed that radio machinery may be erected in the senate so that the proceedings of that august body may resound through every home in the land. This should come as a distinct body blow to the mid-western inventor who, a few days ago, announced an invention that would benefit all insomniacs. It was a radio device which, when dialed properly, emitted a constant note guaranteed to usher hearers into the Land of Nod.

What good will it do him to work further on his invention when, by tuning in on the Senate hour some near day, everyone may enjoy the same soporific benefits?

AMBITIOUS AIM

According to a news item, a five-man mission from parliament has just entered the United States to learn something of the way in which Uncle Sam is handling his problems.

The subjects in which they are primarily interested, according to their spokesman, are the farm-to-city trend, conservation of natural resources, unemployment, and America's attitude toward Communism.

They intend to make a study of all these subjects, mind you, by April 7, when they will return to England.

It's rather hard to understand how a body of intelligent men can really believe they will gather any worthwhile background of these complex American problems in that short a time, and yet they emphatically deny that the object of their mission has anything to do with war debts.

It's all rather puzzling.

Borah Demands Probe Of Railroad Failure To Adjust Its Awards

Washington, March 26—(AP)—Senator Borah (R-Ida) has asked the Senate to investigate "failure of the Chicago Great Western railroad to adjust and settle awards" made by the railroad adjustment board and to "abide by the board's decisions."

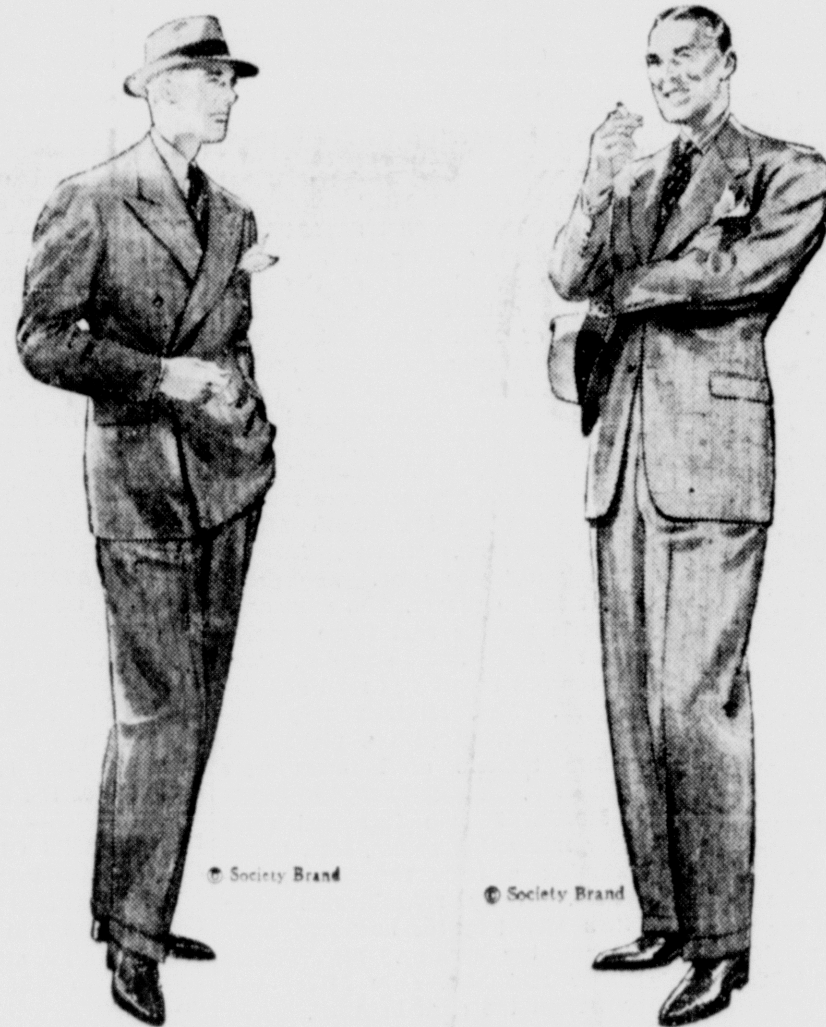

Borah offered a resolution which said the railroad had refused to pay approximately \$50,000 in awards granted employees by the national board following a labor dispute.

Senator Lewis (D-Ill) told the Senate he was informed the company had offered to abide by the adjustment board's ruling and that "the main purposes of the awards were agreed upon."

NO COMPROMISE AGREED UPON ON COURT CHANGES

Friends, Foes, Of Alterations
Against Hatch's Plan

Washington, March 26—(AP)—Both friends and foes of the Roosevelt judiciary bill expressed opposition today to any basic compromise, such as the suggestion of Senator Hatch (D-N. M.) to limit enlargement of the Supreme Court to one appointment a year.

Senator Burke (D-Neb.) a leading spokesman for the president's opponents, said:

"Adding one judge a year would be less objectionable than adding six all at once, but the arguments against this bill as it stands apply with equal force to the naming of two or three judges, or even one."

Senator Minton (D-Ind.) one of the bill's most active advocates, commented:

"There may be alterations in its provisions, but I see no justification or need for fundamental amendment of the measure."

Burke was redrafting a constitutional amendment to require justices to retire at 75 and to fix the size of the Supreme Court permanently at nine members.

He declared that would harmonize with some administration objectives and would not impair respect for the courts.

Aroused Discussion
Hatch's proposal aroused discussion in view of the fact that he is one of the few members of the Senate judiciary committee not committed for or against the president's bill.

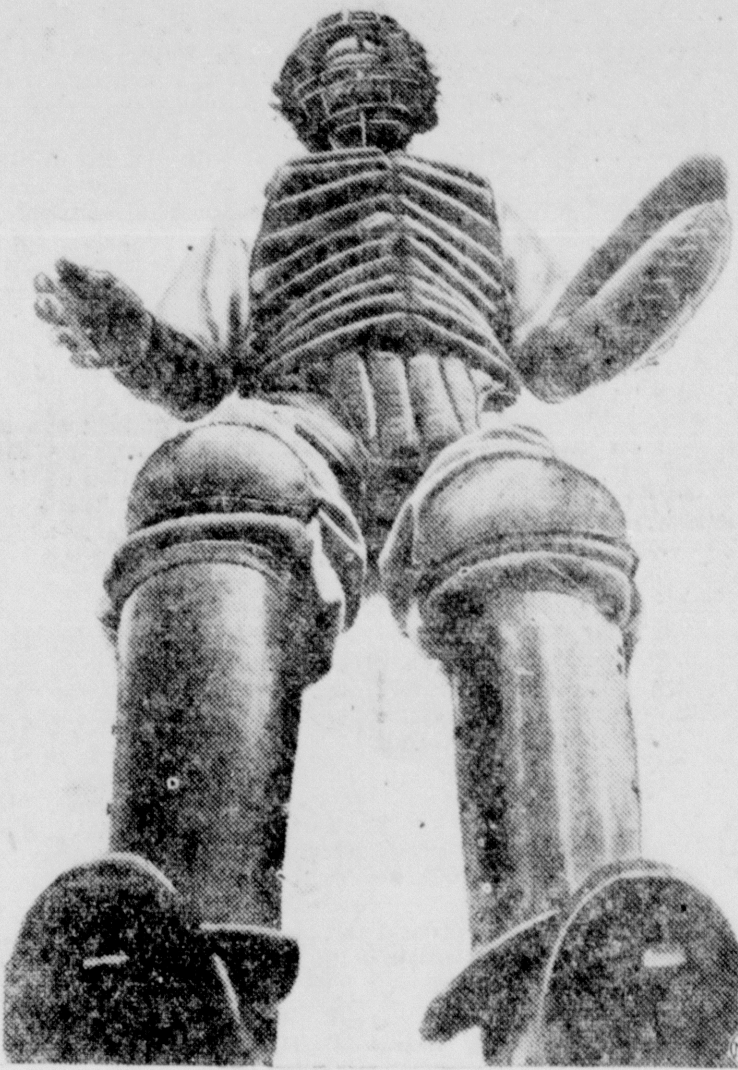

Young B. Smith, dean of the Columbia University law school, testified yesterday that some recent Supreme Court decisions had created "a situation that is manifestly unsatisfactory and calls for corrective action."

The action should be by constitutional amendment to require retirement of aged justices, said Smith.

The last witness yesterday was Dr. Gould Wickey of Washington, church boards of education. He general secretary to the council of declared:

"The Christian educators of America believe that a democracy rests on freedom and liberty, not on force. We fear the president's proposal because we see that through it an entrenched radicalism could enact laws of educational

slavery and religious intolerance." When the hearings resume after Easter, the opposition will start its second week of testimony, presenting Erwin N. Griswold, professor of constitutional law at Harvard; Walter S. Dodd, Chicago lawyer; and Dorothy Thompson, newspaper columnist.

Consumer Required To Bear Increased Coal Freight Rate

Washington, March 26—(AP)—The national retail coal merchants' association, claiming to represent 70 per cent of the nation's retail coal business, said today increased freight rates on that commodity would be passed on to the consumer.

The association's spokesman at the Interstate Commerce Commission's hearing on a railroad request for a general freight rate increase was Frank E. Monnin, vice president. The upward trend of rates would apply to all class 1 railroads virtually the entire rail transporta-

tion network in the United States. Monnin said he appeared "not only for the purely selfish reason which is doubtless responsible for all other appearances" but also in behalf of "our customers throughout the country who are unorganized but who nevertheless pay the bills for domestic fuel."

Stabilization Of Dollar Suggested

Washington, March 26—(AP)—Senator Thomas (D-Okla.) proposes the stabilization of the dollar by the federal reserve board.

A measure he offered, he said, would stabilize the price level of commodities and services, would eliminate threats of inflation as well as deflation and would "give the country a breathing spell insofar as monetary legislation is concerned." The reserve board would have the regulatory power.

Twenty - Six Colleges
Send Delegations To
Minnesota

Minneapolis, Minn., March 26—(AP)—Primed for championship performances, more than 100 of the nation's foremost college and university swimmers open competition today in the 14th annual national intercollegiate meet at the University of Minnesota.

The opening event this morning was the 1500-meter time trial final and this was to be followed by the one-meter low board diving preliminaries.

Twenty-six colleges and universities have entered delegations in the meet, with the University of Michigan in the title defending role.

Michigan has Frank Barnard of Michigan, 1936 Western conference 440-yard champion, entered in the 1500-meter event.

Dave Rider Entered
Others in the long distance race include Dave Rider of Stanford Junior Pacific association champion in the 440; John Macdonis of Yale, Olympic great; George Lowe of Illinois; Dexter Woodford of Ohio State and Robert Christians and Robert Reed of Iowa.

This afternoon's events include preliminaries in the 50-yard free style, 150-yard back stroke, 220-yard free-style and 200-yard medley relay. This finals will be held tonight in these events as well as the low board diving.

Saturday afternoon preliminaries will be run off in the 100-yard free style, 200 yard breast-stroke, 440-yard free style, high board diving and 400 yard free style relay. The meet will close Saturday evening.

The interscholastic swimming coaches association, college coaches swimming association, and rules committee will hold annual meetings tomorrow morning.

Illinois Briefs

Danville—(AP)—Sheriff Harry C. George investigated an attempt made by two prisoners to escape from the Vermilion county jail by cutting through a rusty sheet iron partition. He said Melvin Day and Byron Goddard were caught trying to cut the wall, beyond which a closed steel corridor and several locked doors would have presented obstacles to the getaway.

Hopetown—(AP)—Mobilization of 300 deputies to protect non-union tradesmen in the event outside elements should attempt to picket illegally or molest local workmen was promised a mass meeting of citizens by Sheriff Franklin R. Johnson. The group protested two carpenters had been kept from work for two days by pickets.

Peoria—(AP)—Four hundred teachers were expected to assemble for sessions of the annual Illinois Vocational Association Conference today and tomorrow. R. G. Soderstrom of Springfield, president of the Illinois Federation of Labor, and William H. Johnson, superintendent of Chicago public schools, were listed to speak.

Chicago—(AP)—An inventory filed in Probate Court showed the estate of David E. Shanahan, late Speaker of the Illinois House of Representatives, to be worth more than \$850,000. Probate Judge John P. Chalmers said 45 women were laid off because there was no work for them.

Coroner's Jury Finds Carrollton Man Was Suicide

Carrollton, Ill., March 26—(AP)—A coroner's jury held that E. Elmer Simpson, 75, Carrollton postmaster for 13 years prior to last December, shot himself to death with a rifle bullet.

Coroner J. Russell Shields said Simpson, a hardware merchant who had lived here 50 years, had been despondent since his wife's death three years ago. He died in the home of his son, Neil, here.

STUDY NEW TAX POSSIBILITIES

Three Per Cent Sales Tax
Extension Is Virtually
Sure

Springfield, Ill., Mar. 26—(AP)—The administration held up sales tax extension legislation today to permit the assembly's special committee on revenue to start its study of new tax possibilities.

The new committee will organize next week, probably with Senator James O. Moore of Collinsville as Chairman. State House officials predicted that nothing could be done to avoid the necessity of rushing an emergency bill through the legislature next month to keep the retail sales tax at three per cent after May 1.

Unless special action is taken, the sales tax will drop to two per cent at the end of April.

Monroe, who sponsored the resolution creating the committee, was named one of the members by Lieu-

tenant Governor John Stelle. Other Senators appointed were Earl B. Searcy of Springfield and Simon E. Lantz of Congerville, Republicans, and Harold G. Ward and Francis J. Loughran of Chicago, Democrats.

To Name Committee
Speaker Louie E. Lewis said the five House members would be appointed next week. One of them will probably be Thomas A. Bolger of McHenry, chairman of the standing committee on revenue.

Finance Director S. L. Nudelman, who has been working with Governor Horner in budget balancing efforts, promised to submit estimates next week on income possibilities from a gross income tax and from a wide base occupational tax.

Monroe has urged that the retail sales tax be cut to two per cent and extended to cover more than a hundred professions and service trades.

Finance department officials said, however, that a new tax hurriedly applied would probably mean that the state's total revenues would drop.

PRINCETON--BUREAU CO.

By Besse Yearshaw, 211 Park Avenue, E., Phone 2764.

On Wednesday Mrs. Ed Nichols motored to Bloomington to pick up her daughter Ann and Eleanor Lou Brooks, both of whom are students at Illinois Wesleyan College, and bring them back to Princeton for the Easter season vacation.

Dr. and Mrs. A. E. Owens have just returned from attending the funeral services of Mrs. Owens' father, Will Foulk of Oak Park, who passed away last Sunday afternoon. Burial was at Pontiac.

The members of Temple Commandery No. 20 of Princeton will attend Easter services Sunday morning at the Hampshire Colony Congregational church. Meeting at the Asylum at 10:30 A. M. in full Templar uniform, the Knights will march to the church and observe the Easter season in a body.

Princeton friends of Miss Teresa V. Neill of Arlington were surprised as well as pleased to hear of her marriage on March 16th to James Gardner. The couple were married in the Fourth Presbyterian church in Chicago by Rev. Alexander Allison. The bride wore a most becoming spring suit of thistle wool, with matching accessories, and her corsage was of orchids. After a short honeymoon in the city they returned to Arlington where they are at home to their many friends. The bridegroom is engaged in farming.

A special meeting of Princeton Lodge No. 587, A. F. & A. M., has been called for next Tuesday night. Work in the third degree will be taken up at that time. The meeting Tuesday is the second March special meeting for third degree work, the other session having been held last Tuesday night.

Mrs. L. K. Thompson of Bismarck, N. D., is a guest of her sister in law, Mrs. E. Jack Best of 423 Park Avenue West, and expects to spend several weeks here.

The Misses Ina and Helen Johnson of Chicago visited for several days here and were guests at the wedding on Wednesday of Miss Minnette Warnecke to Charles J. Hechtner.

William Perry, former instructor of the fifth grade of the Douglas school here, spent the fore part of the week visiting with Mr. and Mrs. Lawrence Deets at their apartment at 231 North Main street.

Another Easter vacation visitor from out of town is Miss Charlene Porter of Iowa City, Ia., who is with her family, Mr. and Mrs. A. L. Porter of 503 North Church street. Miss Porter is attending the University of Iowa, and will resume her studies there about Wednesday of next week.

Roy E. Brooks is spending several days this week in Minneapolis, Minn., attending a meeting of the general agents of the Northwestern National Life Insurance company.

Mr. and Mrs. M. G. Campbell of 693 East Jeru street are looking forward to a visit of several days with their son Roy, who is a student at Beloit College, Beloit, Wis.

Charles Kasbeer, who is a student at the University of Illinois at Urbana will spend a few days Easter time with his parents, Mr. and Mrs. Guy Kasbeer of 548 Park Avenue East.

Frank D. Dudley, who will be remembered by many people here, as the former manager of the National Tea Co., and Great American store here several years ago, and since then conducting a grocery store in Van Orin, will on this Saturday have a formal opening of Princeton's newest grocery located at 112 East Central Avenue, and which is to be called East Central Avenue Grocery. This new food store will carry a complete line of groceries, fresh fruits and vegetables and cold meats. Residence or neighborhood stores such as this seem to be growing, as this is the fourth one to be opened in Princeton.

Darius Cork, the young man who was so badly injured Monday evening in a collision with two mules and a horse on Route 6 just east of the city limits, has had to be

removed to the Presbyterian hospital in Chicago. Here he will receive plastic surgery treatment from the hands of Dr. Morehead. His upper jaw was completely knocked loose, but his teeth were intact, his nose was smashed, with the end of it separated from his lip. His right arm was broken at the wrist and he sustained a number of cuts about his head and body. Internal injuries, the nature of which is not completely known, were suffered from his contact with the steering wheel as he was found pinned under this when rescued from the accident. The doctors think he may have a chance for recovery if his internal injuries do not cause complications. The young man had been an employee of the Trimble Greenhouse Co. and is a son of Steven Cork of Princeton.

OREGON NEWS

By MRS. A. TILTON

OREGON--The Ladies Aid of St. Paul's Lutheran church will hold their pre-Easter food sale at the Sunnyside hotel Saturday.

POULTRY TOO CROWDED

Manhattan, Kan.—(AP)—Poultry is too crowded in poultry houses on the average farm, a survey by Prof. L. F. Payne of the Kansas State college disclosed.

Payne said the survey showed the average floor space per bird is 2.3 square feet while the recommended space is four feet. Crowding poultry, he said, means lowering the efficiency of the flock and reducing profits.

dampener on Moore's chances of becoming undersecretary of state.

Merry-Go-Round

The House claims committee has junked its rule, laid down early in the session, not to entertain state and municipal war claims antedating the Spanish-American war. It has taken under consideration claims by Baltimore of \$171,000 and New York of \$764,000 for defense expenditures during the Civil war. Also pending before the committee is a California claim of \$6,000,000 dating back to the sectional conflict. The Treasury is op-

posed to all such claims, but they have strong backing on Capitol Hill. Few know it, but Speaker Bankhead was once a member of Tammany Hall. The Alabamian joined the organization during the several years he practiced law in Manhattan. The "means" test for WPA workers has been suspended in the floor areas. The exemption was ordered when local authorities complained that there were not enough workers on relief rolls to meet the demand for clean-up labor. Senator Millard Tydings is opposing the President's court plan, although his home state, Maryland, has a constitutional ban on state judges over the age of 70. Mrs. Allen Ellender, wife of Louisiana's successor to the seat held by the late Huey Long, has kept a scrap book of every speech or public statement made by her husband. Also included in the voluminous file are numerous articles on what others have said about him.

Asstute Farley

Jim Farley again demonstrated his political acumen in his speech at the University of North Carolina.

Jim knew that there was considerable resentment in Congress against the President's Supreme court proposal, due to the age of Congressmen themselves.

It was known that Congressman

Doughton of North Carolina, chairman of the ways and means committee, who is past 70 and as strong as an ox, did not appreciate the President's emphasis on age disqualification. Jim also knew that it was important to have Doughton with the President, and he knew that Doughton was seriously considering entering the race against Reynolds for the United States Senate.

Therefore it was necessary to appease Doughton and a great many other old members of Congress. Here is the way Jim accomplished it:

He stated that "the fundamental issue involved in this controversy transcends the question of the age of the members of the Supreme court. After all this is a matter of relativity."

"Some men are standpatters at the age of 35 and live the remainder of their lives entirely in the past, while others seem never to grow old and march in perfect harmony with the ideals and aspirations of a changing age. For instance, your distinguished Bob Doughton will never grow old."

Then Jim continued: "We all recognize, however, in every business, occupation and profession the necessity of refreshing from time to time the full maturity of old age with the vigor and strength that comes from the stimulation and transfusion of younger men."

It is not surprising that the President paid such a glowing tri-

bute to Farley's perfect political wisdom at the Farley dinner last February. Jim's speech made a good impression at Chapel Hill. It was quite a compliment to him to be invited to this liberal, yet classic university.

Mayor Released From Jail Cell

Huntington, Ind., March 26.—(AP)—Mayor Clare W. H. Bangs, whose battle to establish a municipal utility plant here led to his being jailed last July, gained a conditional release Thursday.

Special Judge Huber M. Devoss ordered Bangs released from jail "temporarily" when informed that the mayor had taken steps to comply with a court order directing that Huntington homes and business establishments be disconnected from the municipal light plant.

Attorneys for the Northern Indiana Power company, which Bangs has battled since his election, told the court they had no objection to this release. The power company, which contended it had sole electric distribution rights in Huntington, brought the action on which the mayor was jailed.

SAVE 3 WAYS!

1 save on PRICE! 2 save on CURRENT! 3 save on UPKEEP!

This year General Electric Refrigerator prices are down so that everyone can now afford the best—and save three ways.

1. It has always cost less to own a General Electric and now it costs less than ever to buy one. You pay no more for a genuine G. E.
2. Greater cold producing capacity and less current consumption. The year around operating cost of the G. E. is much less than you are probably now paying for inadequate, irregular refrigeration.
3. The 10-year record of General Electric Refrigerators for trouble-free, economical service stands alone and unchallenged.

Big, Roomy Cabinets Brilliant New Styling All Conveniences

- MORE ICE CUBES. Faster freezing speeds. New easy-out ice cube trays... instant tray release.
- MORE "COLD" CAPACITY. Thrift Unit normally operating but fraction of time has surplus capacity for most tropical heat wave.
- MORE USABLE STORAGE SPACE. New full-width sliding shelves adjustable in height and spacing.
- MORE CONVENIENCES. Exclusive top sliding shelf. Thrift-ometer. Interior light. Stainless steel super-freezer. Vegetable drawer. Temperature control and defroster. Matched food containers.

ALL AT LESS COST! New General Electric models are priced lower, use less current, will last longer.

You Can Now Buy a General Electric for Only \$3.50 Per Month

ENDURING ECONOMY!

The only refrigerator mechanism with forced-feed lubrication and oil cooling, that assure quieter operation... less current consumption... longer life.

General Electric's famous cold-making mechanism requires no attention—not even oiling. 5 Years Performance Protection

Ask Your Neighbor!

The record of General Electric Refrigerators for dependable refrigeration service at low cost is unparalleled.

General Electric developed and introduced the first sealed refrigerator mechanism ten years ago. Basically unchanged, but constantly improved, the G. E. Thrift Unit is years ahead today.

ROCHELLE NEWS

By Arthur T. Guest

Rochelle.—At the informal party and program, the Auxiliary is holding in honor of the American Legion, Monday evening, March 29th, a plaque commemorating the American Legion's services to the cause of conservation will be presented to the Legion.

These plaques are being presented throughout the country. They are made of yellow birch, which is typical of the wood in the Argonne Memorial Forest in Wisconsin, the first memorial forest sponsored by the Auxiliary. They were constructed at the Mountain Craft Camp in the forest area by a specially selected group of Civilian Conservation Corps boys and made available to the Auxiliary by the United States Forest Service.

The plaques bear the words: "Conservation of Natural Resources is National Defense." A conservation resolution was passed at the national convention of the Auxiliary in Cleveland last September.

The Rochelle Chapter of the Daughters of the American Revolution were guests of the regent, Mrs. A. T. Guest, March 20, and each member was privileged to bring a guest.

After the opening exercises the regent announced that Ann Tilton of the senior class of Rochelle Township high school had been chosen to receive the good citizenship award made to a girl of the senior class by the state D. A. R. Ann is the daughter of Mr. and Mrs. C. M. Tilton and Mrs. Tilton is the treasurer of the local D. A. R. chapter. The chapter congratulates Miss Tilton.

As some of the local D. A. R. members live in Ashton, the Ashton high school also was given the opportunity of selecting a senior girl, and Esther Semmler was the girl chosen.

Lorraine Plasecek of Argo was the girl whose name was drawn at the state conference at Galesburg during the past week to be the guest from Illinois to the National Congress in May at Washington.

Miss Wanda Totten favored the chapter with a very beautiful piano selection. She is a pupil of Miss Helen Phelps of this city.

Miss Colum, a member of the Gen. Henry Dearborne chapter of the D. A. R. of Chicago, gave the program.

Miss Colum told of the interesting work of the chapters in Americanism in Chicago. She reviewed part of her trip in northern France about three years after the World War and the country around Tilly, the town where the National D. A. R. financed a water system soon after the war was over. Miss Colum was a guest of Miss Louisa May.

The refreshments served by the hostess and social committee were very attractive as well as tasty.

Funeral services were held on Wednesday afternoon at the Presbyterian church in Rochelle, the Rev. Frank Campbell and Rev. Paul Fricke, of Rockford officiating for Woodrow Braddy, 20, son of Mr. and Mrs. Roy Braddy, who died Sunday morning, March 21, from injuries sustained in an automobile accident which occurred near Byron early in the morning. A short service at the home in Lindenwood preceded the church service.

Braddy was driving west on the highway about a mile east of Byron when the accident occurred. As he approached a curve, another car, coming from the east, driven by Charles Snapp of Stillman Valley collided with Braddy's car. Snapp was accompanied by his two sons, Ailt and John, none of whom were seriously injured.

They were arrested on charges of driving while intoxicated and were held in the Ogle county jail in Oregon until Monday, when they were released on bonds of \$1,000 each. The date for their hearing will be set after the coroner's inquest which will be held Wednesday in Winnebago county.

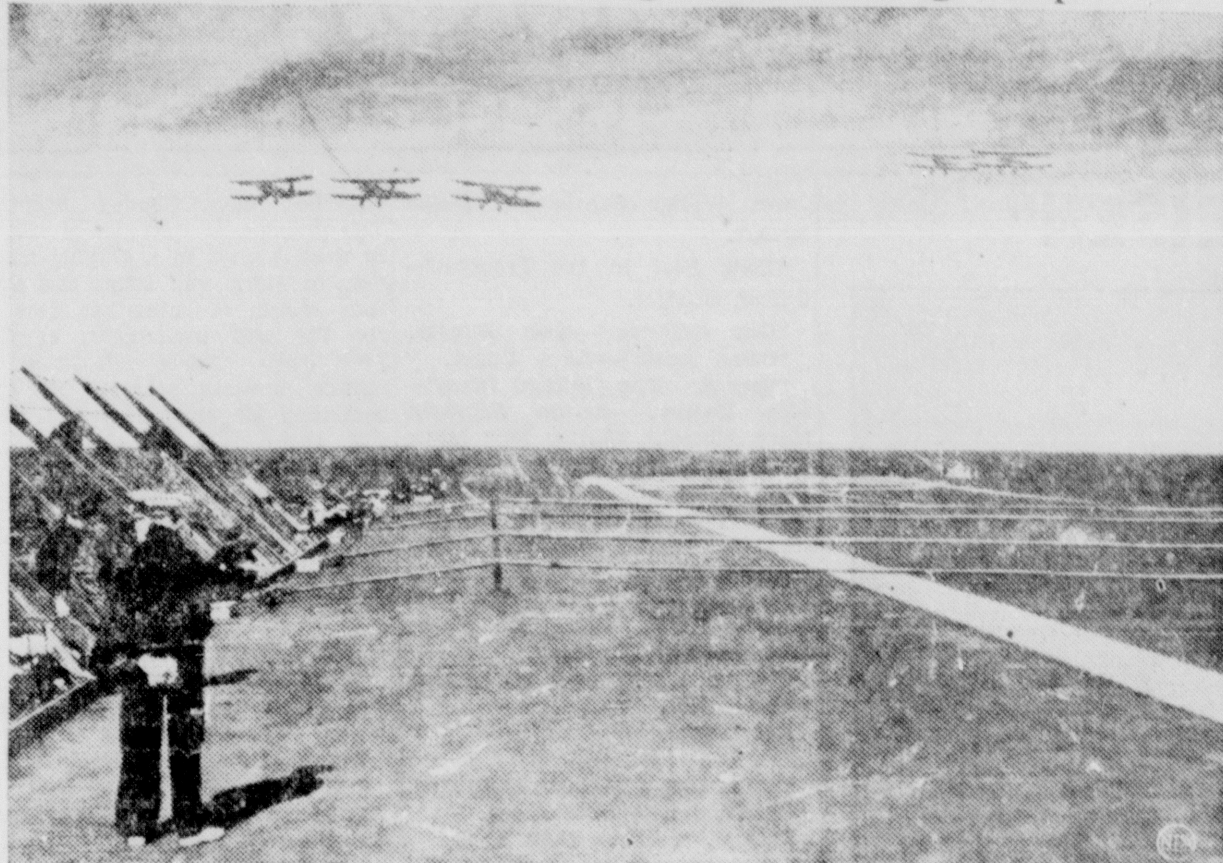

According to the Snapps, Braddy approached from the opposite direction, failed to negotiate a curve on the brow of a hill and drove his machine across the highway into the path of the Snapp automobile.

The accident happened early on Sunday morning and the sheriff's office at Oregon was notified at 2 A. M. Deputy Sheriff Sam Geary and Clifford McNamee, night officer at Byron investigated the accident. After preliminary treatment by Dr. J. S. Moffatt, Braddy was removed to a hospital at Rockford. He died there a few hours later at 10:21 A. M.

Woodrow Braddy was born December 22, 1917, at Bluford, Ill. He moved with his family to Stevards when a small child. A year ago, the family moved to Lindenwood.

He attended rural grade schools.

British Planes Returning to 'Floating Airport'

This scene shows not the vast expanse of a landing field, as you might suppose, but the deck of a British aircraft carrier in midocean, with five airplanes winging homeward to their floating base. Notice the "fences" strung across the deck which check the speed of a landing plane. White lines divide the deck into runways.

and one year at Rochelle Township high school. At the time of his death, he was employed on the Ames Defrees farm near Byron.

Surviving are his parents, three brothers, Herman of DeKalb, Bernard and Lester at home; five sisters, Mrs. Clerica Davis of Dubuque, Iowa, and Winnifred, Alice Mae, Bessie, and Frances, at home; his grandparents, Mr. and Mrs. John Knoles, of Lindenwood; his grandfather, Albert Braddy of Wayne City.

Ogle county tax payers probably will not receive their tax notices until two more weeks have elapsed, County Treasurer DeWitt Warner has announced. The delay has been caused by the failure to receive valuations of school districts that extend into Winnebago county on schedule.

More than 15,000 notices will be sent to Ogle county taxpayers this year. Taxes will be higher in most instances this year, because of an \$868,960 drop in valuations. Valuation of railroad property was reduced \$1,137,620 this year by the state tax commission. A petition of the Ogle county board has been sent to the commission, protesting the decrease.

Suit for divorce has been filed by Wayne E. Lazier, against Verda M. Lazier. The plaintiff, who charges desertion, is represented by the Rochelle law firm of Gardner and Gardner. The complaint, filed with Circuit Clerk John D. Mead states that the Laziers were married in Chicago, Jan. 6, 1925, and ceased living together March 1, 1931.

Funeral services for Harry T. Feivey, 61, a well-known resident of Rochelle, were held at St. Patrick's church at 9:30 o'clock, Wednesday morning. Burial was in the Catholic cemetery.

PAW PAW NEWS

Baptist Church Sunday morning Sunday school. Special program by the pupils.

Sunday morning worship. Special Easter service.

Sunday evening service. Closing service of revival meetings and baptism service.

Church Notes Friday night at 5 o'clock the Will-

ing Workers class of the Baptist church are having a hot chicken sandwich supper.

Friday night's service at the Baptist church will have the unique character of being a special "Cross Service." Everything read, said and sung will pertain to the cross.

The egg cases are at the Baptist church for those who wish to contribute eggs for the Children's Home at Maywood. Bring your eggs before Sunday.

The Baptist church is conducting an Easter sunrise service at 6:30 on Sunday morning. This is a unique service, and all who attend will be greatly blessed. No matter the weather condition, we have the service. If the weather is good, we have it at Kinman's pasture; if wet we have it at the home of Mert Rogers, on the front porch; if it is too cold, we have it at the church. Coffee and doughnuts will be served after the service. The B. Y. P. U. are sponsoring the service. Chairs will be provided at the pasture. Be sure you attend.

Rev. Gilbert Johnstone and two young people were at Marseilles on Saturday and had charge of the song service at the evangelistic services being held at the Baptist church.

The revival meetings at the Baptist church have had a measure of success in spite of weather hindrances. Souls are being saved, and Christian people have been greatly blessed. Be sure you attend before the services end. A warm welcome is extended to all.

Interest has been shown in these services by the number of people attending the prayer services in the morning. Prayer really changes things.

Nye Would Extend Neutrality Law To Embargo 3rd Party

Washington, March 26—(AP)—Senator Nye (R-ND) has asked Secretary Hull to advise Congress whether, under present neutrality laws, the government could establish an embargo against third-party participants in civil wars.

After making the request in a

resolution he said, off the floor, that he "most emphatically" had in mind Italy and other nations he declared were involved in Spain's civil conflict.

Iowa is known as the Hawkeye state.

Manila is the chief port of the Philippines.

Italian farmers use a fire engine type of milk wagon to deliver their product to a milk depot. The milk is carried in the huge "firebox" part of the wagon.

Sir Henry Cole of England, is credited with having sent the first Christmas cards. He had them designed by J. C. Horsley, of the Royal Academy of Arts, in 1846.

CONGREGATIONAL CHURCH
David G. Rawls, Pastor.
Saturday at 3:30 P. M. there will be a meeting of the Deacons at the church.

Saturday evening at 7:30 at the church, there will be a meeting of all those who are planning to join the church.

Sunday morning as we remember the glory of the Resurrection, the theme will be: "If I Be Lifted Up." Sunday evening the message will be centered upon the Resurrection power of our Lord: "The Conqueror."

Following the evening service there will be a back-home sing at the home of Mr. and Mrs. John Lightner.

"Thus it is written, and thus it behooves Christ to suffer, and to rise from the dead the third day; and that repentance and remission of sins should be preached in His name among all nations, beginning at Jerusalem."

Only three more weeks until the end of our Sunday school contest with the Calvary Baptist church of Sycamore. Easter Sunday would certainly be a fitting time to reach our goal, and we can do it. A blessing is in store for you Sunday, so come and receive it.

There will be a 15 minute musical program at the beginning of the program. You will enjoy this feature also so come early.

MAYTAG FOUNDER OF THE WASHING MACHINE CO. DEAD

Chronic Heart Trouble Proves Fatal To In- dustrialist

Los Angeles, March 26—(AP)—F. L. Maytag, 80, founded of a nationally-known washing machine bearing his name, died early today at Good Samaritan hospital.

Dr. William H. Leake said the manufacturer, whose home was in Newton, Ia., succumbed to a chronic heart condition.

Maytag was born in Elgin, Ill., and was educated in rural schools. A farmer first, he began his business career as an implement salesman and then became an executive of a lumber concern. He entered manufacturing in 1893, and since 1907 had built washing machines bearing his name.

From 1902 to 1912 he was a member of the Iowa state senate.

He served as mayor of Newton from 1912 to 1925, and in 1925 was made the first director of the Iowa state budget.

In 1926 the home appliance merchants of America presented him with a \$25,000 gold medal "in recognition of outstanding services in originating and manufacturing electrical home appliances."

For the past few years he has lived in his Beverly Hills mansion in retirement.

Surviving are two sons, E. H. Maytag of Miami Beach, Fla., and L. B. Maytag of Colorado Springs, Colo., and two daughters, Mrs. H. I. Speery of Colorado Springs, and Mrs. W. H. Smith of Montgomery, Ala.

Funeral services will be held at Newton, Ia., early next week with burial there.

Dairy Legislation Conference Begun

Chicago, March 25.—(AP)—Representatives of the departments of agriculture of four states opened a conference here on uniform dairy legislation.

Commissioner Fred Schultheiss of the Wisconsin department of agriculture, called the meeting at the direction of the Wisconsin legislature to discuss the effect on the dairy industry of laws "permitting the manufacture and sale of low fat and high moisture content of cheese."

Farmers of Howard county, Mo., have organized a co-operative association for promotion of rural electrification.

CHURCHES

ST. PATRICK CHURCH

Holy Saturday Services

The ceremonies of Holy Saturday begin at 7 o'clock, with the blessing of the new fire. From this fire a candle with three stems, placed on a reed, is lighted and carried up the church by a deacon, who three times chants the words "Lumen Christi." The Paschal candle is blessed by the deacon, who fixes in it five grains of blessed incense in memory of the wounds of Christ and the precious spices with which He was anointed in the tomb, and afterwards lights it from the candle on the reed. The blessing of the candle is followed by the reading of the twelve prophecies, and after that the priest goes in procession to bless the font. The water in the font is scattered toward the four quarters of the world, to indicate that catholicity of the church and the world-wide efficacy of her sacraments. On the way back from the font the Litany of the Saints is begun, and when it is ended the altar is decked with flowers and the Mass is begun in white vestments. The organ and bells are heard again, and the joyful "Alleluia" is resumed.

Following the above ceremonies Solemn High Mass will be celebrated beginning at 8 o'clock.

Easter Sunday

"He Is Risen," "He Is Not Here," the joyful Alleluia proclaim the triumph of the Cross. The lowly Babe of Bethlehem in a life of service, through the tragedy of Calvary, has given us Easter. The triumphant strains of Easter renew the message of Peace, for the climax of Our Lord's miracles, which proved His Divinity, was His glorious Resurrection.

Masses will be celebrated in St. Patrick's church at 6, 7:30, 9 and 10:30 o'clock. The 10:30 o'clock Mass will be a Solemn High Mass. St. Patrick's choir, composed of forty male voices, will sing the following program: Vidi Aquam (Gregorian); Choral Mass in G (Marshall); Offertory, Regina Coeli (Lotti); Solemn Benediction; O Salutaris (Webster); Tantum Ergo (Haydn); Laudate Dominum (Gregorian).

AT CHRISTIAN CHURCH TONIGHT

Rev. James A. Barnett will preach tonight upon, "Sin's Victory and Divine Love." At the First Christian church pre-Easter services. Mrs. Ora Tice will sing a solo. There will be no service Saturday night and the series will come to a close Sunday evening.

In order to accommodate the Cradle Roll Mothers Easter morning, and others with small children who desire to attend the service, the Primary department in charge of Miss Goldie Gigous has organized a nursery to take care of the little ones. Miss Lynn Habacker, superintendent of the Cradle Roll will be in charge with a number of assistants. Mothers are requested to get in touch with Miss Habacker if further information is desired.

Outlines WPA Plan For Cooperation With Illinois

Chicago, March 26.—(AP)—Charles E. Miner, Illinois works progress administration chief, has outlined a plan by which home owners in Illinois may co-operate with the WPA in the operation of community development projects.

This would result, Miner said, in "long needed improvements at approximately one-third the cost if made under ordinary special assessment procedure."

Home owners, acting through the local governing agency, he said, would submit a project to WPA, and agree to supply the materials. WPA would furnish the labor.

Miner said the plan would result in the development of "much needed facilities in neighborhoods where the residents cannot afford to finance the projects under ordinary special assessment devices."

"It would stimulate home construction in sections of cities that have not yet been built up and where land is cheap," he said.

Hold Miners For Gold Mine Theft

Denver, March 26.—(AP)—With three hardrock miners and two other men under arrest, federal secret service men are seeking a French soldier of fortune, as the "brains" in theft of gold from the world's largest gold mine—the famous Homestake.

Rowland K. Goddard, district secret service chief, said his department was seeking Parks Du Pont, self-styled former member of the French Foreign Legion and former ship's officer, on the Pacific coast.

Du Pont, Goddard said, was the "brains" of an organization that filched an undetermined amount of raw gold from the Homestake, at Lead, S. D., and tried to dispose of it through underworld channels.

Goddard said the fugitive was under indictment at Deadwood, S. D., charged with selling about \$5,000 of the yellow metal to a Denver assayer under an assumed name, he said.

The mine, he said, has been robbed systematically—"high graded," the miners call it—for several years.

WHAT THE NEWS WAS AROUND DIXON IN YEARS GONE BY

(From The Dixon Telegraph)
50 YEARS AGO

C. M. Henderson and Fred Watson arrived here Saturday afternoon and at a meeting of the citizens' committee completed arrangements for the locating of the much talked of shoe factory in this city.

James Gaffney can be seen jogging the famous young steed, "James G." record 2:23 1/4, every fine day. We understand that George Ingraham takes charge of the horse again this season and leave with his horses for Springfield Friday.

The famous trainer Thomas Miles, late foreman of the M. C. Roberts stock farm, is to take charge of the Mendota race course the coming season.

C. Dement's colt, McGregor, broke away from its driver Saturday and made considerable excitement on Galena avenue.

25 YEARS AGO

Company A of the Illinois National Guard under Capt. Sam Cushing, has been called to Rock Island, where the city is under martial law.

The Dixon college minstrels will be presented this evening at the opera house. Appearing on the program are featured Curtis Rice, Miss Myrtle Rice, Martin Gannon, Jr., Paul Lennon, Miss Grace Farnum, Stanley LaDue, Ed Drake and Worthy Mathews.

10 YEARS AGO

County highway officials wage war against truck drivers failing to heed warnings posted on county highway system limiting weight of loads, and many are arrested and fined.

Mrs. F. J. Adams of Paw Paw was near death when chicken bone became lodged in her throat and when she was being made ready to be rushed to Dixon, the bone was dislodged.

PREPARE GRAVES OF BUS VICTIMS

Unidentified Bodies Are Brought To Salem

Salem, Ill. March 26.—(AP)—Nine charred bodies, burned beyond recognition in the private motorbus disaster fatal to 20 persons near here Wednesday, are being prepared for burial in the cool earth of Salem's cemetery.

Announcement of the burial plans for the unidentified dead was made by officials of the Transcontinental Roller Derby Association, Inc., after Mayor Omar Mackin of Salem, who is the owner of the motorbus where 15 of the bodies were taken, said he doubted "if very many more will be identified."

The association, promoter of a roller skating derby in St. Louis and owner of the bus, organized the troupe which was on its way to Cincinnati, O., when overtaken by tragedy.

Three Fight for Life

Eleven of the victims are known. The three survivors, Dick Thomas, Chicago, the driver, Don Flanery, 18, of Kansas City, and John L. (Schoolboy) Creekmore, Miami, Fla., are waging a grim fight for their lives in a St. Louis hospital.

Creekmore, whose condition is the most serious, has been given a blood transfusion. At the hospital early today it was said the conditions of the three men remained unchanged.

State's Attorney Ward Holt said he had found "no evidence of criminal negligence" in his investigation of accident and ensuing fire. Holt said he had learned that bus had traveled only between Miami and Chicago and Chicago and St. Louis since being equipped with new tires. A blowout of the right front casing was responsible for the disaster, Holt said.

Eighteen persons, one a 4-year-old girl, were killed outright or burned to death in the accident. Two who escaped after the huge vehicle burst into flames died later in a hospital here.

Trade Review

New York, March 26.—(AP)—final surge of Easter shopping carried retail sales to a new high for the year this week. Dun & Bradstreet said today in the weekly review.

Other divisions of business were less unanimous in trend; wholesale markets were less active with attention centered chiefly on making immediate shipments of last-minute rush orders and industrial operations were hampered by the spread of unsettled labor difficulties, the agency reported.

"Final preparations for the gay Easter parade provided such a strong propellant that consumer buying rose above unfavorable weather and other retardants," the review said. "The call for women's dresses, suits, coats, shoes and fur scarfs gathered force steadily, while sales of clothes for youngsters rose to a seven-year high for the period."

The agency estimated retail distribution for the country as a whole ranged from 4 to 10 per cent ahead of the preceding week and averaged 12 to 30 per cent over a year ago for the country as a whole. Percentage increases over last year in the major geographical regions included middle west 10 to 30.

That's What Canada's Famous Quintuplets Have Accumulated

Toronto, March 26.—(AP)—Lollipops, cod liver oil, cold cream, corn syrup, hair ribbons, absorbent cotton, aluminum dishes, doll clothing, cookies, news photos and motion pictures.

Of such came the financial kingdom of the Dionne quintuplets. Their endorsement or participation in those and perhaps a dozen other products has built the \$765,000 fortune they now hold or will hold in bonds and bank accounts.

It was disclosed in an accounting of their guardianship.

A balance sheet on the finances of the famous wards of the King, made public yesterday in the Ontario legislature, showed that 24 contracts had brought in \$861,000 against expenditures of \$86,000.

The balance sheet covered the guardianship by Welfare Minister David Croil, Dr. Allan Roy DeFoe, Judge J. A. Valin of North Bay and Olivia Dionne, their father, which went into effect July 26, 1934, two months after they were born.

Dr. DeFoe was paid \$200 a month from May, 1935, to Jan. 31, last, besides \$37.17 in expenses. Their parents received \$100 a month as well as a \$1,000 present on the quint's second birthday.

Jury Recommends Further Inquiry Into Poison Case

Lewistown, Ill., March 26.—(AP)—A coroner's jury recommended last night that James Pace, 28, be held to the grand jury pending further inquiry into the poison pancake death Sunday of his brother, William.

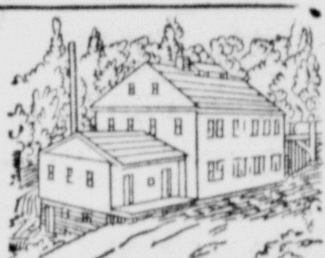

Deputy Sheriff Wayman Wheeler said at the inquest Pace had told him he mixed poison with the pancake flour used for the fatal breakfast, but that he had intended the poison cakes for his own consumption because of unrequited love for Mrs. Lillian Pace, 17, wife of another brother.

The young wife testified Pace had said he "would get even" when she spurned his attentions.

Modern dairying— 80 years old...

This 1937 season marks the 80th anniversary of modern dairying

It was 80 years ago this Spring that Gail Borden established the first successful commercial plant to "can" yesterday's milk for use next week, next month or next year.

Borden's small factory in the Naugatuck Valley of Connecticut started milk on its way to new and world-wide markets. Every dairyman shares in the wider markets and greater uses of milk brought about by his leadership.

Borden, on the 80th anniversary of modern dairying, pledges to continue this tradition of leadership in extending the uses for milk.

GUNNING BEGINS HIS ELECTION REFORM DRIVE

Corrupt Practices Act Would Limit Expen- ditures

Springfield, Ill. Mar. 26.—(AP)—Senator Thomas P. Gunning, Princeton Republican, launched an active campaign today for his proposed corrupt practices act, which would put a strict limit on political campaign expenditures.

After failures in previous legislatures, Gunning predicted that his election reform bill has a chance for passage. A public hearing in the Senate is scheduled for next Wednesday.

This time a Democrat, Louis J. Menkes of East St. Louis, is co-sponsor of the bill to regulate the activities of candidates and campaign contributors. They have a companion bill, for a state-wide commission to supervise all elections, but Gunning said efforts would be centered behind the corrupt practices act.

Only three states, including Illinois, made no effort to keep a check on the contributing and spending of campaign war chests, Gunning said.

Bill's Requirements

Candidates for state-wide, congressional, legislative and judicial office and campaign committees under the Gunning-Menkes bill would be required to file with the Secretary of State before each primary or election a statement listing all contributions of more than \$10 and expenditures of more than \$50.

The financial statements would be distributed to county and city clerks and published in two newspapers.

To prevent large expenditures, no candidate could spend more than five cents for every vote cast at the last preceding election.

"It would reduce for candidates the cost of election, thereby encouraging good men with small means to seek public office," the sponsors of the bill said. "It will bar big institutions with large means from handpicking public officials."

Other provisions would make it illegal for corporations and political employees to make campaign contributions.

The postoffice department estimates it revenue from stamp collectors will amount to \$2,500,000 during the coming year.

COMBATANTS BALK POWERS' PATROL PLAN

London, March 26.—(AP)—Official British sources said today that refusal of the Spanish government at Valencia to permit interference with its shipping would not affect the four-power naval neutrality patrol because the patrol does not have jurisdiction over government or insurgent shipping.

Publication of the text of the Valencia note declaring the Spanish government would "provide itself with arms and ammunition wherever and however it can" attracted little interest in official circles.

The original plan was to include the Valencia and Burgos (insurgent) regimes in the international control scheme to prevent arms and men reaching Spain but they objected and were eliminated.

Meanwhile, the British government looked to the Easter holidays to ease the tension between Great Britain and Italy over the Spanish civil war.

The government held fast to its determination to avoid hasty action and prevent heated attacks in Parliament against Italian Premier Mussolini from forcing the issue into an open official incident.

As officials left their offices to remain in the country over Easter, they declared the blasts in the House of Commons to be only "the personal opinions of the members," and hoped Italy would come to consider them as intended "for home consumption only."

Unless Rome takes new offense at the language used in Commons—"Stand up to Mussolini," shouted militant David Lloyd George—observers believed British efforts to calm the troubled international situation would be successful.

DIXON SPRINGS EXPERIMENTAL DEPOT STUDIED

Government Experts Examine Work in Other States

Robbs, Ill., March 26—(AP)—Twenty government engineers met here today to study the development of what they called one of the most complete agriculture experimental stations in the United States—the Dixon Springs project.

Coming from similar projects in Ohio, Indiana, Missouri and Iowa, the engineers planned a week's inspection tour. They also will attend pasture and erosion control demonstrations.

The project, being developed under the supervision of the regional office of the resettlement administration, eventually will comprise 11,000 acres and serve as a demonstration in economic land use.

Engineers pointed out the results obtained on the experimental tract will be applicable to a considerable measure to a large "problem area" of some 15,000,000 acres of land in Illinois, Indiana, Kentucky, Tennessee, Arkansas and Missouri.

Six thousand acres are being developed as a pasture experimental area, which will be turned over to the University of Illinois upon completion. In this program, lime is being used as a basic treatment. The more erosive slopes are being terraced and gully control structures installed where necessary.

Various types of soil treatment are being used and various pure species and mixtures of grasses and legumes seeded. A number of systems of grazing and management will be practiced.

A total of 780 acres of land already has been limed and 2,700 acres of the area has been seeded in the pasture improvement program.

Forty-five hundred acres are being used as a forest area and will be turned over to the U. S. forest service upon development. Timber stand improvement work is being carried out on present timber stands; and barren and eroded slopes are being planted to trees. Six hundred thousand trees will be planted in the spring planting season now under way.

Five hundred acres are being used in the establishment of a Federal soil conservation service experimental station. This station will be used primarily for the purpose of conducting run-off experiments in connection with a program of pasture and timber management. This work will be carried out by the U. S. department of agriculture and the University of Illinois.

**SOUTH'S
HERO IN
DEFEAT**

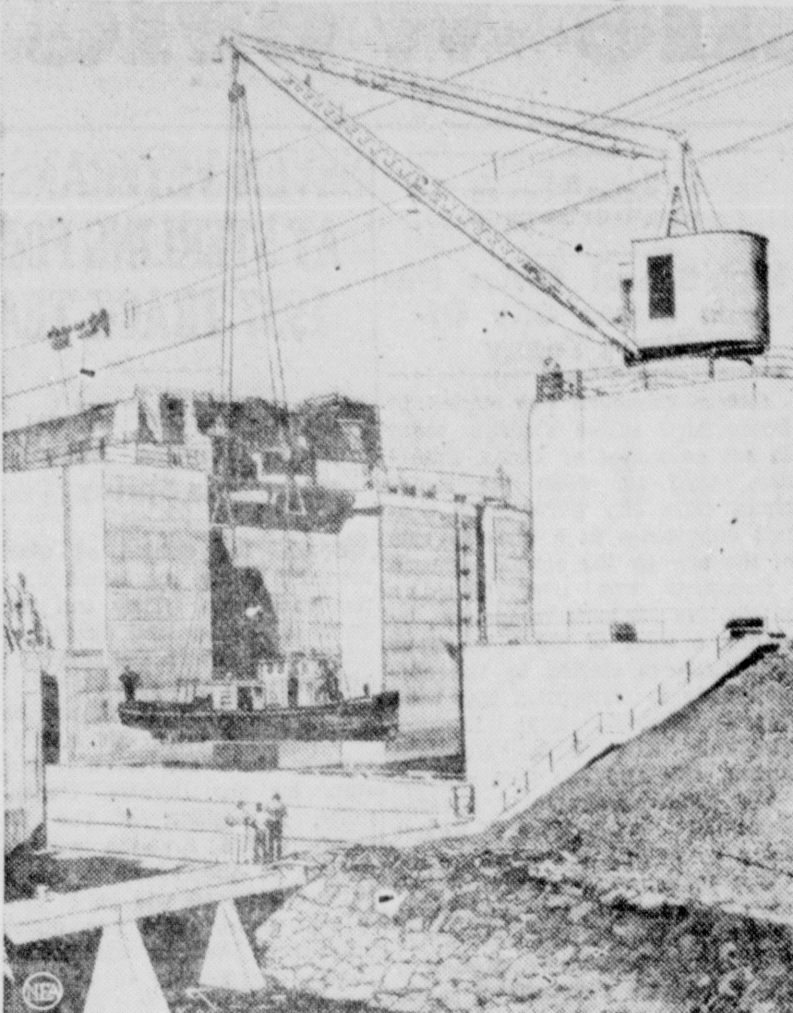

COL. ROBERT EDWARD LEE. In 1861, had already gained renown as a military leader, when President Lincoln asked him to command the Union army against the Confederacy. Lee, however, was a Virginian, of proud and renowned heritage, and he declined the offer. Instead, at the age of 35, he took command of the army of Virginia, and later became general at the head of the entire Confederate army.

Lee was a soldier from the age of 18, when he entered West Point, until his defeat in 1865. He moved upward quickly after his heroic work during the Mexican War. Despite several outstanding victories in the war between the states, he failed because of the overwhelming odds against him. After the war, he became president of Washington College, now Washington and Lee University, and remained at that post until his death in 1870. His portrait appears with that of "Stonewall" Jackson on the new 4-cent army stamp.

THE FISHERMAN'S BOAT

By Robert Page Lincoln

The fishing boat must be safe and sound throughout, and not of the tipsy variety that rocks and rolls under the least provocation. The boat should have a semiflat bottom, even though it be the regulation clinker type. A round-bottomed boat should not be tolerated. Such a boat will row with greater ease, but beyond that point in its favor, it might as well be tossed into the discard.

The regulation clinker type of boat is typical of many found on northern and mid-western waters. They are generally quite heavy, have a semiflat bottom, are wide at beam, and do not rock or toss. They are probably the safest you can find, and stand up under quite a slashing sea.

For sheer fishing purposes I

much prefer a flat-bottomed boat, having a generous width at beam. Few flat-bottomed boats, unless made of light material, row with much ease, but they hold well to the water. I doubt very much the value of the use of light wood material in a flat-bottomed boat, but neither must the boat be as heavy as a large size clinker boat.

Unfortunately most flat-bottomed boats leak, and are always muddy and wet, but this merely points to poor workmanship on the part of the boat maker.

There are back rests of a collapsible sort that can be adjusted to any boat seat. They are especially desirable in trolling where one must sit for hours at times in one position. While, admittedly, they are "lazy man" affairs, they have their value.

Seat cushions of the floating

type bear careful attention. They are generally 15 inches or so square and are packed with kapoc, a soft, downlike material, used in making sleeping bags, etc. It has most amazing floatant qualities, the above mentioned seat cushion for the boat having best tested to holding 200 pounds afloat for 48 hours. The value of several cushions of the sort in the boat, in the light of the above, becomes apparent.

Speaking of something to take the hardness out of the boat seat, there is something to be said for those inch thick, sponge-rubber affairs. These are made to use in a boat, by the way, and are a recent innovation. Then these seat-pads of this sponge-rubber material are used, they not only make agreeable cushions, but the rubber grips the seat of the boat and does not slide as the body turns.

When fishing in a boat alone, it is an advantage to be able to sit in your seat where you row and let the anchor down without getting up. This is very readily accomplished by placing a wheel-pulley to stand out at the tip of the bow of the boat, the anchor to be pulled up to the bow, with the rope tied at the seat. By running the rope through the pulley, the bottom is reached with the anchor, after which the rope is tied to the seat to hold it.

Al. metal fishing boats are light, row easily, and, because of the air chamber in them, will not sink. I doubt very much whether lightning is attracted to them. The only fault I have found with such boats is that the knocking on the bottom of them, scraping the shoes in them, or making any sounds therein, is carried freely through the water and is a means of warning the fish of alien approach. Fish are warned by sound more than we have any means of knowing. This is one of the reasons why I am opposed to such boats, and that only.

HOT RACE SEEN FOR NATIONAL LEAGUE CLUBS

At Least Five Nines Have Strong Flag Chances

New Orleans, March 26—(AP)—A five-club race, so close and exciting its result can hinge on one sore arm or leg, seems as certain as popcorn and peanuts in the National League this year.

All set and ready to make a serious challenge to the pennant monopoly held by New York, Chicago, St. Louis, and Pittsburgh over the last 16 seasons are Chuck Dressen's hustling Cincinnati Reds.

Signs of baseball disintegration can be detected everywhere along the lineups of the Giants, Cubs, Cardinals and Pirates, whereas the Reds are improving. Go down the National League line:

St. Louis—With the acquisition of Lon Warneke from the Cubs to team up with Dizzy Dean, the Gas House Gang undoubtedly will get the favorite's call. They'll have three youngsters caring for the catching and that's always a risk. Paul Dean? Wise ones say he's all through.

New York—Terry's big problem is a first baseman to take his place. Hank Leiber the phlegmatic Dutchman, is another big "if."

Chicago—Pitching should be excellent even without Warneke but it is doubtful if they'll have enough punch. Catcher Gabby Hartnett, 37-year-old vet, hardly can be expected to keep going forever.

No Winning Spark

Pittsburgh—The Pirates always seem to have everything but the winning spark.

Cincinnati—They finished here, in fifth place, last year but were riddled with injuries. If the Red pitching, championed by such good flingers as Paul Derringer, Al Hollingsworth and young Gene Schott escapes unscathed, the Reds can't help but be tough. The one big weakness is the lack of hard-hitting right handed outfielder.

Boston—It's hard to conceive anything better than a second division flat for the Bees. Manager Bill McKenchie is pinning his chances on older men for the most part.

Brooklyn—Burleigh Grimes, successor to Casey Stengel as pilot of the Flatbush crowd, has made some good changes and may cause a flick of surprises. With Van Mungo set for perhaps his greatest season, the Dodgers rate to wage a brisk battle for sixth place.

Philadelphia—It's still raining in the camp of the Phillies. Good pitching and nothing much else is the dismal outlook.

Open Draw Will Determine Posts; Handball Tourney

Chicago, March 26—(AP)—An open draw will be held Sunday morning to determine playing positions for the national A. A. U. handball championships scheduled at the Lake Shore Athletic club throughout next week.

First round singles will be played Sunday afternoon and night, with second round singles and first round doubles matches set for Monday.

News Briefs From Training Camps of American and National Leaguers

By The Associated Press

New Orleans, March 26—(AP)—The Cleveland Indians pointed today for a renewal of warfare tomorrow and Sunday against the New York Giants, who have won two previous games.

Tampa, Fla.—General Manager Warren C. Giles is in the market for a two-fisted, hard-punching bull-pen catcher.

"If I can find one, I'll carry him on the payroll even if he doesn't catch an inning all season," he said today.

St. Petersburg, Fla.—Manager Joe McCarthy of the N. Y. Yankees at last has contacted his most persistent holdout, Pitcher Red Ruffing. McCarthy spoke by telephone to Ruffing at the pitcher's home in Chicago.

Lakeland, Fla.—Eddie Wilford, second baseman, has been turned over to Louisville by the Dodgers. The Dodgers retained an option on the youngster.

Biloxi, Miss.—Travis Jackson, who spent many a season in the livery of the Giants, believes his old team will win the National League pennant again this season.

Los Angeles, Calif.—The Cubs and the White Sox play the first of 10 exhibition games today.

Winter Haven, Fla.—The Phils, with the elusive No. 1 training visitor, tucked away, tackle the Boston Red Sox in a return fray today. Bucky Walters and Wayne Lamaster pitched the Phils to a 7 to 0 win over the Croninmen at Sarasota yesterday.

Mexico City—Connie Mack, 74-year-old manager of the Athletics, is bothered by a bruise on his right leg, caused by a foul ball that hit him as he sat on the bench a few days ago.

Lockhart, Tex.—Bossmen of the St. Louis Browns are planning some experimenting with the lineup on the four-day trip during which they will meet the San Antonio Missions, the Toledo Mudhens and the Kansas City Blues.

DeLand, Fla.—There was little rest in the camp of the St. Louis Cardinals today. Manager Frankie Frisch had planned only light drills until the Columbus Redbirds took the Gas House Gang into camp yesterday.

Orlando, Fla.—The Washington Senators waited today to hear whether Joe Kuhel, their veteran first baseman, was seriously hurt by the pitched ball that struck him behind the ear in yesterday's game with the Baltimore Orioles.

San Bernardino, Calif.—Victorious in their first exhibition game, with the White Sox, the Pittsburgh Pirates encountered the Los Angeles club today with Bill Swift and Jim Weaver slated to start on the mound.

Sarasota, Fla.—It sounds sort of silly but Manager Joe Cronin will start his Boston Red Sox rookies against the Phils today at Winter Haven. His regulars took a 7-0 trimming from those lowly National Leaguers yesterday.

St. Petersburg, Fla.—The Boston Bees, who have had no success against the Yankees in two training seasons, will move to nearby Clearwater today to work off some of their New York spite on the Brooklyn Dodgers.

Wichita, Kas., March 26—(AP)—The tall, veteran Galveston, Tex., Anicos, and the crimson-clad Little Rock, Ark., Flyers will battle to night for the women's national A. U. basketball championship—and the finger of destiny appears to be pointing toward the Texans.

A new champion is assured either way.

The Texans already were conceded an edge, but events of the semi-final round last night turned that edge into a wide border.

Galveston, pre-tournament favorite, was given a battle before it could subdue the defending champion Tulsa Stenos, seeking their fourth consecutive title. The score was 23 to 13. But that battle was a pink tea compared to the heart-fluttering struggle between the Flyers and the Wichita Thurston.

In a game packed with thrills, the flyers won in a second overtime period, 30 to 28. The 5,000 spectators, hoarse and spent, sank limply into their seats as tall, fragile Lucille Thurman, groggy from a violent collision, picked herself off the floor to send a looping, one-handed shot into the net for the winning points. Then she crumpled into an unconscious heap.

OPENING GAME SCORES HINDER PIN ENTRANTS

New York, March 26—(AP)—Any one who can tell the American Bowling Congress tenders how to bring their opening game scores up can write his own ticket at the pin classic.

But for the fact most of the teams take four or five frames to "warm up," thereby resulting in generally poor opening game scores, the standings might change almost daily, with continually mounting totals for the leaders.

The Bayonne (N. J.) wheelmen team was no exception in last night's activities in the five-man team division. Starting off with a mediocre 917, the Jerseyans came back in their second and third games with 1007 and 1023 for a 2947 total, good enough to take over second place in the standings, but still just a runner-up score because of the slow beginning.

Had their opening game been on a par with their closing efforts, they might have overtaken the pace-setting Pastime A. C. quintet from Syracuse, whose 3045 total has withstood the challenge of all comers for nearly a week.

The standings were unchanged.

BITTER RIVALRY RENEWED AT ICE MEET IN CHICAGO

Indoor Speed Skating Championships Hold Promise of Thrill

Chicago, March 26—(AP)—One of the most bitter rivalries in the women's sports field is down for a decision in the national indoor speed skating championships at the Chicago arena this week end.

Madeline Horn, the Beaver Dam, Wis., star, will continue a feud of long standing with Dorothy Franey Drolson of St. Paul, and on past performances the events in which they tangle probably will highlight the meet Saturday and Sunday nights.

As Mrs. Drolson says she will turn professional after this event, it may be her last sanctioned hook-up with the Wisconsin speedster.

Chet Roan of Minneapolis, president of the American skating union, says Mrs. Drolson and Miss Horn are the two most evenly-matched women skaters he ever has watched.

In the North American indoor meet at St. Paul last February, Mrs. Drolson won the series of races, but the following week Mrs. Horn won the decision in an outdoor meet at Petoskey, Mich. In their last meeting in the North American outdoor event at Saranac Lake, N. Y., called because of bad ice, each was tied at 50 points in the standings.

On the first night's program the senior men's 440-yard and mile events will be contested, along with senior women's races for the same distances. A majority of the nation's male stars will be on hand, including Marvin Swanson of Minneapolis, the outdoor champion, Joe Bree of New York, Delbert Lamb and Robert Peterson, Olympic skaters from Milwaukee, and Alex Hurd and Lemar Ottsen of St. Louis.

Chicago's ace representatives will be Leo Friesinger and Eddie Schroeder, members of the Olympic team, and Vic Ronchetti and Al Kucera.

Ohio takes its name from an Iriquois word meaning "great."

High School Civics Pupils Chose City Officers Today

George Campbell was elected by Dixon high school students today to act as mayor of Dixon, Saturday, April 10, when the senior civics class city government project culminates in a one-day rule of the city by the elected officers.

Campbell won over Gladys Marth, his feminine competitor, by polling a total of 358 votes. Four commissioners elected by the student body to serve with him were Robert Coakley, 373; Dorothy Cromwell, 335; Betty Moerschbacher, 405; and Joe Murphy, 506.

For police magistrate, Laverne McMillon outdistanced Robert Perry by polling 439 votes.

The inaugural ceremony of the new student officers will occur Friday night, April 9, at which time Mayor William V. Slothower will administer the oath of office to Campbell, and induct the other student officers into their duties.

On Saturday night, April 10, following their work at the city hall and elsewhere in town another council meeting will be held by the student council when the regular parliamentary procedure will be followed. The newly-elected officers expect to make their appointments this week for assistants, boards, and other appointive offices provided by municipal government.

SEVEN VETERANS AT STERLING FOR 1937 TRACK TEAM

Dixon Cinder Men To Meet Rivals May 4 This Spring

Coach Ted Schied of Sterling township school has issued the call for track men. They will return on next Monday and weather conditions will govern the amount and kind of early practice.

Prospects at S. H. S. are for a well balanced team this season although there are no outstanding stars on the horizon. Heller, a miler, is captain of the team. Coach Curtis Brandau will have charge of the tennis team, and Peter Hoogeeven will be in charge of golf team. The new quarter-mile track will be completed as quickly as possible in order that the young athletes can get in some good practice before the Whiteside county meet, which will be the first event to be held on the local track and field. The date is April 24.

Stabler in Dashes

Track lettermen returning this spring include Capt. Heller, miler, Stabler, dashes or hurdles, Taber, discus, Vallee, dashes, Davidson, broad jump, Shaw, high jump, and Longabaugh, dashes. Prospects who show much promise are Frye, dashes, Janasen and Jurkens, hurdles, Becker, Healey and Bentley, pole vault, Cornelius, high jump, and hurdles, Wolf, half miler, Gould, shot put, Koster, discus, Mackaman, Stone, Hurd and Boehm of the cross-country team, milers, and several others who are expected to turn out.

MT. MORRIS

By Paul Yoe

Mt. Morris—A romance which dates back to high school days will culminate in an Easter wedding, when Miss Bernice VanArsdale, daughter of Mrs. Lee Ridenour, will be married to Jack Wallace, son of Mr. and Mrs. E. J. Wallace. The well wishes of friends were extended to the bride-to-be at a pre-nuptial shower on Monday evening, in the home of her mother on West Front street, with her sister-in-law, Mrs. Harold VanArsdale assisting. A shower of gifts for the kitchen was presented in a pink and white basket, after the guests had assembled. Tables of games furnished a social time for Mrs. Sophia Gustafson, Miss Mamie Gustafson and Miss Louise Gustafson of Esmond; Mrs. Ila Mae Preston, Mrs. Frances Canode, of Oregon; Mrs. E. J. Wallace, Mrs. R. A. Wallace, Mrs. Mae Finney, Mrs. Viola Lindsey, Mrs. Otis Higgins, Mrs. Irvin Flier, Mrs. Catheryn Tuttle, Mrs. Stella Baker, and Miss Grace Price. The prizes were awarded to Mrs. Flier and Miss Price, during the evening a two course luncheon was served, at which St. Patrick favors were used.

Mr. and Mrs. Carroll Boston have been invited to serve in the escort for the Worthy Grand Matron at her official visit at the Freeport chapter Order of Eastern Star, Freeport, on Tuesday evening, March 30. Anyone desiring to attend the dinner should notify either Mrs. Boston or Mrs. Olive Rohleder as last date for reservations is March 29. Dinner at 6:30. Special meeting at 8:00.

There has been such an abundance of enjoyment at previous Poultry Tribune parties, that the "gang" decided to share some of the surplus with their friends, so each employee invited a guest couple to their party on Saturday evening.

With Roy Garman's orchestra, such was the success of the party, that everyone was asking, "when will we have an encore?"

Those present were: Mesdames and Messrs. J. W. Watt, Howard Bronson, L. A. Watt, Allan Yoder, Warren Shock, M. C. Small, Harold Marcott, Joe Lundholm, Irvin Kielesmeier, John Blackley, Maurice Quinlan, G. G. Sanderson, Frank Dougherty, George Neher, Ralph Koper, Melvin Tuttle, Carroll Boston, Sybil Avey, Harry Yoder, A. J. Lilyquist, Henry Fillmore and Misses Phyllis Robbins, Ruvine Delabek, Loretta Gilbert, Mrs. Eleanor Dellhausen and Messrs. Robert Robbins, Harvey Wendall and Harold Brader.

The local chapter of the Order of the Eastern Star observed past officers' night at their stated meeting Monday evening, March 22. Those serving as officers for the evening were: Mr. and Mrs. Carroll Boston as host and hostess, Mesdames Ruth Toms, Worthy Matron; Avis Blackley, Associate Matron; Jewel Cox, secretary; Margaret Jern, treasurer; Elsie Priller, Conduress; Ruth Coffman, Associate Conduress; Vee Marcott, Chaplain; Maude Miller, organist; Ethel Mills, Adah; Eula Maye Reynolds, Ruth; Mable Boydston, Esther; Frances Bronson, Martha; Agnes Price, Electa; Cora Marshall, Warder, and Harvey Wright, Worthy Patron; Frank Rowe, Associate Patron; Sol Avey, Marshal; and William Price, Sentinel. ADMINISTRATOR'S NOTICE OF FILING FINAL SETTLEMENT State of Illinois, Lee County, ss. Estate of Orin Groth, Deceased. Public notice is hereby given, that the undersigned, administrator of the estate of Orin Groth, deceased, will attend before the County Court of Lee County, at the Court House in Dixon on the 6th day of April, 1937, next, for the purpose of making a final settlement of said estate, at which time and place I will ask for an order of distribution, and will also ask to be discharged. All persons interested are notified to attend. Dixon, Illinois, March 19, A. D. 1937.

Mary Groth, Administratrix John J. Armstrong, Attorney. March 19-26, 1937

Kathleen Peug; reading by Olive Rohleder. After the meeting, luncheon was served by Mary Wright's committee. The table decorations carried out the Easter season spirit, consisting of Easter bunnies and eggs. Cards and a social time were engaged in later.

At the meeting of chapter CU, P. E. O. Sisterhood, which was held at the home of Mrs. Mark Crawford Tuesday evening, the newly elected president, Mrs. H. Eugene Coffman, named the following committee members. Finance and auditing, Miss Mary Wishard, Mrs. Pridmore Prugh; educational fund, Miss Edna Coulson, Mrs. Paul Yoe, Miss Ethyle McNett; program, Miss Ealy Grobe, Mrs. Gordon Leonard, Mrs. Clarence Mitchell; social, Mrs. Dale Lizer, Mrs. Paul Kent, Mrs. Harry Kable; courtesy, Mrs. Harold Ross, Mrs. H. J. Stengel, Mrs. Harvey Long; Cottery college, Mrs. Mildred Newton, Mrs. Harlan McNett; by-laws, Mrs. Howard Bronson, Mrs. Gerald Huffman; philanthropic, Mrs. Mark Crawford, Mrs. Worthington Thomas and Mrs. Donald Clark.

Following the business meeting Miss Ethyle McNett gave an interesting word picture of Ice Review International, held in Chicago late in February. Miss McNett described the Chicago stadium in which the carnival was held, picturing vividly the largest artificial ice rink in the world. She also gave a short story of the life of the glamorous Sonja Henie, star of this ice ballet.

The marriage of Mrs. Elva Ludwig and Lewis Hawk was solemnized at the home of Mr. and Mrs. Sidney Hess, in Oregon Saturday evening, March 13. Rev. R. N. Hoover read the ceremony uniting the couple, who are now making their home at 421 South Ogle avenue.

The Mmes. Bert Tilden, Paul Barnhizer, John Towns, Charles Towns, Sr., Charles Towns, Jr., Ralph Lizer and Ronald Wallace were guests of Mrs. Fred Michaels last Thursday evening.

Quitting parties are becoming increasingly popular. Those who participated in this pleasant indoor sport at the Luther Lizer home Wednesday were the Mmes. George Priller, Ed Rothermel, Ray Holsinger, Ray Blecker, Bert Stumax, Dennis Tracy, Errett Blake, Harry Sprecher, Ralph Lizer and Dale Lizer.

Last Thursday evening, the boys of the Future Farmers' chapter entertained their parents, faculty of the high school, and the board members and their wives at a banquet at the high school.

The lower corridor of the high school building had taken on the appearance of a banquet hall, with two long rows of tables extending the full length of the hall. Decorations were in blue and gold, the official colors of the Future Farmers' organization.

After the boys had filed to the tables with their parents, and the other guests had taken their places, an excellent banquet was served them by the girls of Miss Symptom's foods class.

The program, which followed, was presided over by Lee Loomis, who is president of the chapter, and included the opening ceremony of the Future Farmers, Francis Baker welcomed the parents, and A. P. Loomis responded in their behalf. A vocal solo by Lee Loomis, "The Big Bass Viol," and another by Clarence Tracy, "Three For Jack," were well received by the parents and sons, as well as were the appropriate comments of J. Walker Robbins and I. R. Hendrickson. Dr. A. W. Nolan, of the University of Illinois, gave an inspiring address which made a fitting climax to an event, which it is hoped will become an annual event at the high school.

Mrs. C. C. Cole of Rockford, who will be remembered by her many Mount Morris friends as Miss Gladys Uhr, was complimented last Saturday afternoon when the members and friends of the Tri Deck club surprised her while she was visiting at the home of Mrs. C. L. Smith. Miss Ealy Grobe assisted Mrs. Smith as hostess. Prizes for high scores in bridge were won by Miss Mary McColl and Miss Ethyle McNett. Other guests of Miss Grobe and Mrs. Smith were Mrs. Primore Prugh, Mrs. Paul Kent, Mrs. Mildred Newton, Miss Edna Coulson, Mrs. Harlan McNett, Miss Marian Symptom and Mrs. Rose Stouffer.

The Mmes. Axel Johnston, R. N. Hoover, Irvin Flier, Fred Long, Adelaide Sever, and Arthur Davidson attended a luncheon Tuesday in the Methodist church in Oregon.

Gathered about a flower decked table at Cobia's cafe Tuesday, the ladies of the Fortnightly club enjoyed a luncheon together before playing their regular games of "42." Pink tapers reflected their glow on the orchid colored hyacinths, which added a breath of spring to the occasion. After the luncheon the ladies, the Mmes. John Kanev, of Freeport, George Farwell, Warren Burchby, Elmer Baker, Frank Baker, O. E. Marshall, Oliver Watts, Ira Hendrickson, David Thompson, Grace Coffman and Nona Conrad accompanied Mrs. Jern to her home for the games. Mrs. Burchby and Mrs.

BEGIN HERE TODAY MARTHA BRITAIN and BETTY HAYNES overtook on their California vacation trip and find themselves stranded in San Diego. They answer an ad of the Airspeed Trailer Company and obtain an assignment to travel up the west coast, demonstrating the new de luxe trailer. Their suspicions are aroused somewhat when ARNOLD SLOSS of the Airspeed company fails to ask for either bond or references.

Now GO ON WITH THE STORY CHAPTER II

LATER that day Martha and Betty found themselves with plenty to do. Their first move was to write letters home, explaining that they were extending their trip to take in the whole length of the Pacific coast. After consultation they decided it would be best not to explain just how they were managing it.

"They'd only worry," Martha said. "And we can tell them all about it when we get back home. After it's over, they'll think it's all right."

"You don't know my aunt!" Betty laughed. "If she realized that we two girls were planning to gallivant up the coast with a car and a trailer, and shellaligag—that's what she'd call it—shellaligag around trailer camps in shorts she'd drive dad and mother insane. I'll never hear the last of it, even when it's over. So you can bet I'm not telling the folks now!" Betty chewed her pen, apparently in the throes of composition. But after a few moments she said, surprisingly and irrelevantly, "That Neal person was handsome, wasn't he?"

Martha looked at her. "Sorry we're moving out?"

"Well, he might have had the consideration to move in a week ago."

Their letters finished, they went out to mail them and to have a lunch at the corner drug store counter. "If we're going to buy some clothes we'd better cash the advance check that Carrington gave us," Betty said. "They probably know us here well enough to do it."

"Nothing doing, darling! I'm taking Mr. Carrington's check right to his own bank for cashing. If it's going to bounce I don't want to be on the receiving end."

Betty sighed. "Still suspicious, are you? Gosh, I hope when you get the money you'll change your tune."

And when they reached the bank and the teller cashed Carrington's check without a moment's hesitation, Martha did have to admit that she felt much better. "But let's not crowd our luck," she cautioned. "When

Mr. and Mrs. Harold Knodie entertained Rev. and Mrs. H. Spencer Minnith and Mrs. Herbert, and Mrs. William Greshick and daughter, Charlotte, of Elgin, at dinner and tea on Sunday.

Mrs. James Ferguson entertained the members of her Sunday school class at a party on Wednesday evening.

Miss Dorothy Watt and Jimmy Asp will appear in the dance recital given by the pupils of Miss Marguerite Neumeister before the Mendelssohn club Thursday afternoon. Dorothy's work will be in the ballet while Jimmy will portray a Swiss toymaker.

Mrs. Luther Hanes gave a chop suey supper for a few of her friends on Wednesday evening. The guests who spent the evening chatting together were the Misses Lillian Thurn, Elsie Klepfer, Lavonne Armbruster, Grace Jiracek and Mrs. Everett Henderson.

Last Wednesday afternoon, the boys of the Agricultural classes of the high school were happily surprised, when they were visited by two representatives of the American Legion Auxiliary, Mrs. Sybil Avey and Mrs. Hubert Knodie. The purpose of the visit was the presentation of a fine American flag and staff to be used by the boys in the Future Farmers' ceremony.

Patriotism and good citizenship are two of the chief objectives of the boys' organization, and with this flag always before them to remind them of their responsibilities to their country, better citizenship will be encouraged among our farm boys.

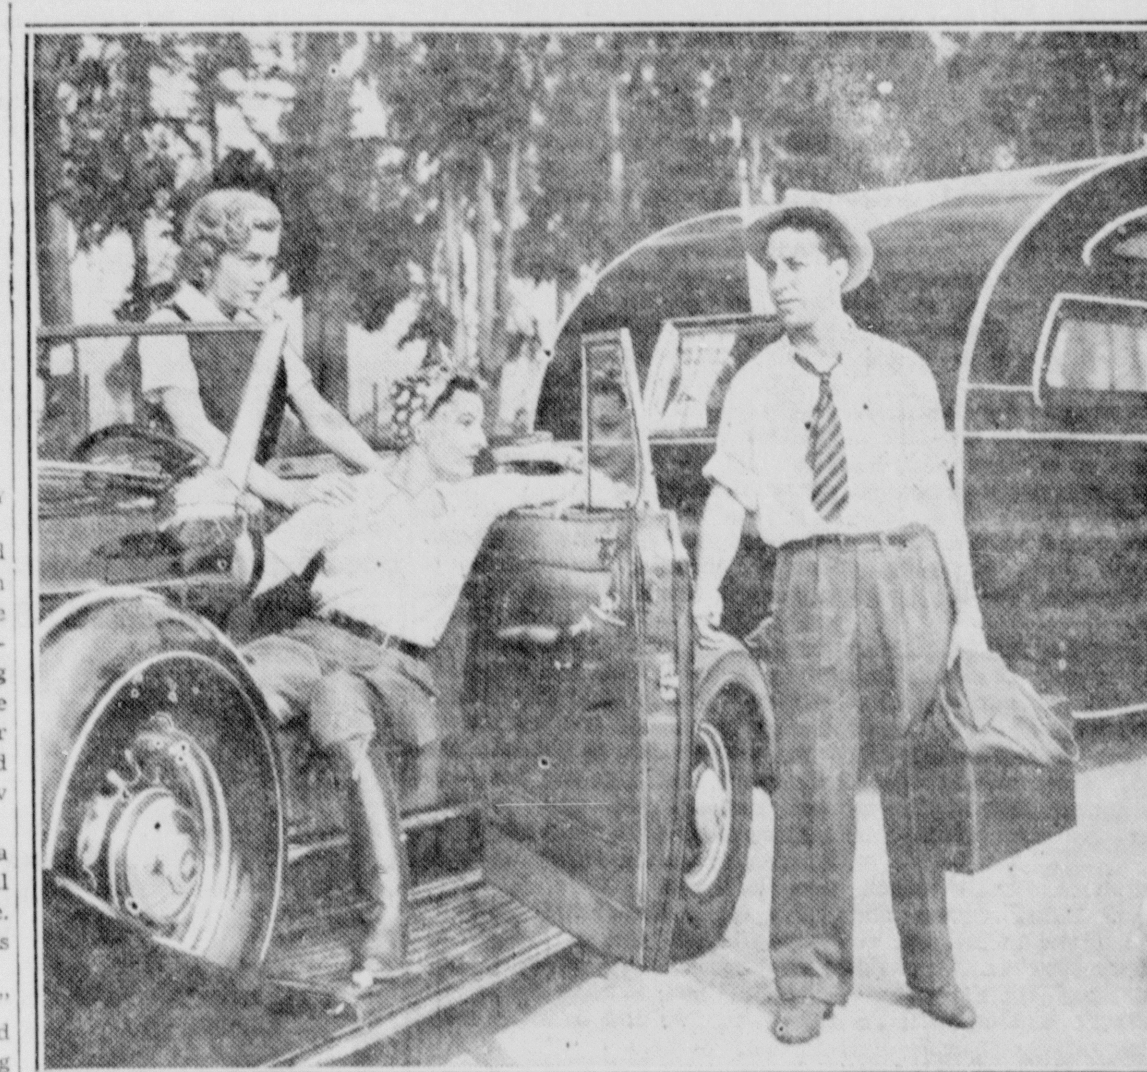

The flag complete the paraphernalia needed for the F. F. A. ceremony, and is much appreciated by this hard working group.

Mr. and Mrs. L. N. Patton drove to Mount Carroll, Sunday, where they assisted in the celebration of two wedding anniversaries, that of Mr. Patton's parents, the W. J. Pattons, who have been married forty three years, and the fifty-third anniversary of his uncle and aunt, Mr. and Mrs. J. P. Arnold.

Mr. and Mrs. L. N. Patton drove to Peoria this morning, where they will attend the sessions of the Illinois Vocational Association today and tomorrow. Miss Edna Coulson and Paul Yoe, of the high school faculty, accompanied, also to attend the commercial and industrial arts sections of the meeting.

The music department of the Mt. Morris Community High school will present a concert next Wednesday evening, March 31 at eight o'clock in the high school gymnasium. The concert, which is under the direction of J. Leslie Pierce, will consist of solos, small ensembles and large group numbers by the students of the music department. These numbers are being prepared for the sub-district contest which will be held in Mt. Morris on Saturday, April 3. A small admission fee of ten cents will be charged. The public is invited to attend. The program is as follows:

"Echo-Song" Harris
"Robin in the Rain" Cain
Girls' Glee Club
"Yesterday and Today" Spross
"My Heart is a Lute" Woodman
Helen Barnhizer
"O Lovely Night" Ronald
"Pirate Dreams" Hueter
Jane Devine
"The Last Rose of Summer"
Von Plotow
"Loves a Merchant" Carew

Betty clutched Martha's arm and whispered, "Look." A young man, carrying a suitcase, had approached, obviously intent on hooking a ride. Martha was about to slide behind the wheel and ignore him when she recognized him as Neal.

we've bought a few clothes and paid the landlady we want to save our salary. We don't know just how long it'll keep coming."

MARTHA wasn't a pessimist by nature, and her suspicion was refreshing to the girl who had known her since roller-skate days. Betty was vastly amused by Martha's distrust of their good fortune.

"I'm not going to let you be a killjoy, Mart. At least I'm going to have the fun of paying the rent. The landlady has been mighty watchful the last couple of days and I want to see her face when I hand her the money."

Martha laughed, and soon fell into Betty's spirit. Shopping for what Carrington had called a "tourist's outfit" was fun. "I wonder what he meant," Martha said. "When he mentioned tourist's clothes I thought of an old snapshot my father has, showing him and mother with their first automobile. They have on long linen dusters."

But they found what they wanted to supplement the clothes they had brought to California with them. Each bought a pair of smart whipcord trousers and light boots, with a contrasting leather jacket. And, remembering that they were going into the cooler climates of Oregon and Washington, they added two reversible topcoats.

"Now we're all set," Betty said as they emerged from the shop loaded down with packages. "How about treating ourselves to a taxi?"

"I want to make one more purchase," Martha told her.

"What's that?" Betty asked. "A—what?" "A revolver," repeated Martha. "But you can't carry a revolver without a police permit. I don't think you can even buy one without a permit."

"Then," said Martha, "we'll get the permits." And they did, despite Betty's protestations at every step. Soon they had added to their purchases a small .32 caliber revolver and a box of shells. "You can't tell," said Martha. "It might come in handy to scare somebody with."

"It's already scared somebody," said Betty. "It scares me just to look at the darned thing—and I can't see what you want it for. We're not going to stop for any thumb jerkers, are we?"

"Not if we can help it. But we might have to change a tire on a lonely stretch of highway."

THEY were to find that on the coast highway between San Diego and Los Angeles there are few stretches of lonely pavement, and these are not long. By 10 o'clock they were breezing along in a new coupe, a modern Airspeed Trailer behind them, and enjoying every minute of it.

Carrington had been on hand to start them off; and, as he'd promised, had arranged everything. "The engine has been broken in," he told them. "So you don't have to baby it. But don't exceed the speed limit, and be sure to get non-resident driving permits in Oregon and Washington. I've got California licenses for both of you." And then, with a few parting instructions regarding the

"What's the first stop?" Betty asked Martha when they were well on their way.

"The Golden State Auto Park in Long Beach is where we're supposed to spend the night."

"How about a week in Hollywood—say in Robert Taylor's back yard?" asked Betty facetiously.

On the outskirts of a delightful little town they rolled under the shade of a pepper tree to try their first lunch in a trailer. As Betty and Martha busied themselves with the tiny stove and portable table, many a car slowed down to admire the streamlines of the trailer. One family party stopped frankly, and were invited aboard to inspect it.

"I guess we're doing all right," Betty said, when the family had thanked them and gone on their way smiling. "This is going to be real fun. And you were throwing cold water!"

Lunch over, they put everything shipshape in the Airspeed's compartments, and started to climb back into the coupe. Just then Betty clutched Martha's arm and whispered, "Look..."

A young man, carrying a suitcase, was approaching, obviously intent on hooking a ride. Martha was about to slide behind the wheel and ignore him when she recognized him as Neal, the same man they had found attempting to enter their apartment the afternoon before! He had missed his morning shave, and he seemed a little the worse for tramping. But, unmistakably, he was Gerry Neal.

ASHTON NEWS

ASHTON—Miss Margaret March-Mount of the United States Forest Service speaking before the Ashton Woman's club in their March meeting in the Memorial building Friday afternoon, gave a very interesting account of the service and spoke very forcibly of the need of forestry and conservation.

Miss March-Mount commended the work of the CCC in forest service, declaring that that organization had helped forestry advance 50 years. She also emphasized the need for forestry to be included in every school curriculum.

Conservation and protection against forest fires occupied a portion of her talk. "It is our obligation and debt to the future generations to replace and replant trees to take charge of the trees that are left, and also to reserve the wild life," she declared. "Forestry is no longer a man's job, it is woman's responsibility as well."

The four aims of the forest service were pointed out by Miss March-Mount—first to preserve trees, second to form watersheds (forests absorb rain water 50 per cent faster than plains, third to preserve the wild life, and lastly to provide a place for recreation for the American people.

At the preceding business session conducted by the president, Mrs. Mildred Smith, a nominating committee consisting of Mrs. Golden Calhoun, Mrs. Luella Jennings, and Miss Loda Quick was appointed. They will present their report at the regular business meeting in April.
